ENTER the "talkies," with President Coolidge as the first star performer. At a dinner to the newspaper publishers in New York, the president appeared, visibly and audibly, in a speech delivered in Washington the week before. The dinner, held at the Waldorf, was a success, and the speaker delivered it. The same film could be shown all over the country, everywhere at once. How soon the "talkies" will be the usual dramatic entertainment no one can tell. But that they will be the chief speechmakers of the next campaign is already certain. Speakers "on behalf" of candidates will be nearly superfluous. The candidates themselves will appear everywhere. Campaigning by machinery will be a reality.

ARON Sapiro, attorney and organizer of farm co-operatives, sues Henry Ford for a million, on account of articles in the "Dearborn Independent" charging him with being one of a conspiracy of Jewish bankers who seek to control the food market of the world. Sapiro may or may not get his million. Fortunately, he would not be impoverished by the loss of it. But he will remind us once more that the fact that a man is great in one thing may not prevent him from being small in another.

FORD, the most successful manufacturer and most popular employer in America, is also one of its most bigoted, stupid and ignorant newspaper publishers. When he touches on this, his one obsession, the inconsistencies of human nature are strange, but not so strange as the inconsistencies of public sentiment in dealing with them. What other man could have made the journalistic blunders of Ford and still retained his reputation in everything else?

KING Alfonso of Spain grows facetious on American "freedom." Spain is a dictatorship. Nobody has any legal right. But you can stand in the middle of the road without a policeman telling you to move on, and when you like, and "sing your head off" all night. There is no such "freedom" in New York or London.

Naturally not. But the reasons are not all governmental. If you stand in the middle of a New York or London street, the automobiles will bump you off unless the policeman moves you on. And if you may not sing and carouse all night, neither can your neighbors keep you awake by doing so when you want to sleep. If "freedom" consisted only in the right to do as you pleased, the only place to do it would be in the middle of an uninhabited desert. As soon as there are two people, the liberty of one ends just where it infringes on the like liberty of the other.

GENERAL Dawes makes the same point about the misused "liberty of speech" in the senate. "The purpose is not to deprive the minority of the right to be heard, but to bestow upon the majority the full power to legislate." When the freedom of each senator to speak nullifies the freedom of the senate to act, it becomes despotism.

FARMERS in a certain district in California have paid \$8000 to "rain maker" Hatfield, the contracted amount of rain having failed, and Texas districts are reported as bidding for his services. And yet, every rain which visited this district was traced by the weather bureau to at least a thousand miles, from its origin in the Pacific ocean to far beyond the rainmaker's contract district. Not a drop fell from any storm local to the scene of his operations. Either he was calling cyclones from the distant deep, or he called nothing.

Since scarcely anybody believes in rain makers, this demonstration of their illogic may not be important. But it does illustrate "the old process of most of our popular illusions." And mother who roose grease on three sore throats that got well. Therefore, these three cases are more conclusive to her and her descendants, than all the hundreds of millions of sore throats in the collected experience of the medical profession.

Takes Command of Bering Sea Fleet

DUTCH HARBOR, Alaska, April 27.—The coast guard cutter Haida arrived in port yesterday from Seattle, bearing a new port commander for the Bering sea patrol fleet and coast and geodetic surveyors who will this summer do reconnaissance work around the Aleutian islands.

Captain von Bosdick is the new Bering fleet commander. Lts. J. S. Jones and J. G. Bose, with two assistants, will make a latitude and longitude survey to determine a possible magnetic survey and collect tidal data and other information.

Jones and his assistants will accompany the cutter Unalga to Attu island, going later to Unimak island and will return to the United States in the fall.

Hero of Prussian Armies Will Take Office Oath In Reichstag This Week

POTSDAM, April 27.—There was jubilation in the household of ex-Kaiser Wilhelm Hohenzollern today over the election of Field Marshal von Hindenburg as president of Germany. The United Press correspondent observed signs of rejoicing at an early hour.

ROYAL PRUSSIAN ENSIGNS HOISTED

POTSDAM, Germany, April 27.—The Royal Prussian ensigns were hoisted here today for the first time since Germany's defeat in the World war. Imperial colors were flown over the former royal dwellings. Hosts of flags with the old familiar red, white and black colors appeared, presumably in honor of Hindenburg's election.

VON HINDENBURG WINS BY 900,000

BERLIN, April 27.—Field Marshal Paul von Hindenburg, Germany's war hero, has been elected president of the republic. Thirty and one-half million voters went to the polls Sunday and gave the aged general 14,600,000 votes, approximately 900,000 more than were received by his chief opponent, Dr. Wilhelm Marx. The Communist, Thaelmann, received 1,700,000 votes.

Von Hindenburg, once again the idol of the German people, will take the oath of office in the reichstag Thursday or Friday, after the official results have been checked and compiled.

The Nationalists, who drew the field marshal from retirement in his 78th year to become their successful candidate for the presidency, informed the United Press today that they intend to permit the cabinet of Chancellor Luther to remain intact.

Urges Strike As Protest

The Communists, who in a certain measure contributed to Von Hindenburg's victory by throwing more than a million anti-monarchical votes to their candidate, Thaelmann, began a factory-to-factory agitation this morning, urging a general strike in protest against Von Hindenburg's election.

The effort apparently was abortive, although the Rote Fahne, the workers' organization, declared the labor councils possess the power to overthrow Von Hindenburg tomorrow.

Election of the field marshal caused consternation in the headquarters of the Republican bloc, which supported ex-Chancellor Marx.

In some circles, fear was expressed that it might mean the beginning of the end of the republic. The announcement made by the Nationalists that they would not seek to use the election result to the detriment of the republic, was of paramount importance, however.

It means substantially that the Empire bloc, the union of parties of the right, which supported Hindenburg, intends to try to maintain the highest observed foreign policy—fulfillment of Germany's obligations under the Dawes plan.

Look to Leadership. While the battle cry during the bitterly-fought campaign was often "Monarchy versus Republicanism," raised on every occasion by Dr. Marx's followers, Germany looked today to Hindenburg for loyal leadership under the Dawes plan.

About 75.5 per cent of the registered German voters went to the polls yesterday.

"Non-political workers chose a non-political man," is the way many expressed it.

Election rowdism in Berlin supported all bounds. Fascists, supporting Hindenburg, utilized a new trick around the polling places, strewing salt and pepper in their opponents' eyes and then belaboring them with beer bottles.

Two persons were killed near Karlsruhe in a clash between Republicans and Nationalists, while two others were mortally wounded in fighting in a Berlin suburb. Factional clashes occurred in all parts of the country. Trouble was especially severe in Baidor, after a false announcement that Dr. Marx had won.

The religious issue played its part in Hindenburg's election. He is a Catholic, while a good many Catholics voted against him because he is a Catholic, while a good many Catholics voted against him because he is a Catholic.

Five Miners Killed By Explosion

WEST NEWTON, Pa., April 27.—Five workers were killed in an explosion which wrecked the Westmoreland Coal company mine at Mill Grove, near here. Bodies of four men, who were entombed by the blast, were found in the workings early today by a rescue squad from the bureau of mines headquarters at Pittsburgh. The fifth victim was killed at the entrance of the mine when the explosion occurred, last night.

MANY BILLS TO DIE FROM LACK OF SIGNATURE

SACRAMENTO, April 27.—Of the 831 bills passed by the legislature which still remain before Governor Richardson for official endorsement, a majority will die for "lack of executive encouragement," unless they can "prove their innocence."

In a statement issued late yesterday, the governor severely criticized the legislature for passing hundreds of bills without "proper consideration" during the last few days of each session. The announcement highly praised the legislators "as a whole," however, and declared "this legislature was representative of integrity."

"The system practiced, rather than the men, is to blame for careless legislative methods," in the opinion of the governor.

Only written arguments for bills will be considered and the presumption will be against all bills unless sufficient reason is shown for their being signed.

TROOPS PATROL NOGALES STREET

NOGALES, Sonora, Mexico, April 27.—Troops patrolled the streets of Nogales today, following the shooting to death of two persons and the wounding of four others in election riots Sunday.

Laborers and Gavino Valencia were killed in the outbreaks, during a hotly-contested municipal election. The wounded were Teofilo Vargas, Trinidad Rodriguez, Jesus Gutierrez and Carlos Robles.

The military was rushed to the scene of the fighting, but arrived after the rioting had ceased.

CUTS FUSE, STOPS DYNAMITE BLAST

CHICAGO, April 27.—Heroism of Policeman Patrick Mulvihill probably saved many lives and prevented large property damage here shortly after 7 a. m., today, when he cut the burning fuse attached to a suitcase full of dynamite. The smoldering package was seen behind the building of the Rising Decorating company and reported to police. Mulvihill opened the suitcase and cut the fuse with a pocket knife. The package contained 15 sticks of dynamite.

MARINES TO TAKE ACTIVE PART IN NAVY EFFORT TO CAPTURE HAWAIIAN ISLES

HONOLULU, April 27.—The marine were expected to swing into action today in the U. S. navy's greatest war maneuvers.

Land forces of the "black" ranks defending the Hawaiian islands from "attack" of the "blue" fleet were guarding the shores against the prospective landing of 1200 marines from the transport Henderson.

If the "devil dogs" should debark without loss and establish a successful base, the "war" would be brought to an official termination, umpires agreed, with victory going to the invaders.

The major engagement of the opposing forces is believed brewing, following minor clashes of fringe troops from both sides, in which the islands

London Hints Government Will Not Extend Felicitations to Von Hindenburg

FRENCH ARE ROUSED

Point to War Charges of Arson, Deportations, Pillaging and Other Crimes

WASHINGTON, April 27.—Official and diplomatic Washington was distinctly shocked by election of Von Hindenburg to the presidency of Germany, but opinion as to its portent for Germany's future was divided. Keynote of the reaction here was belief that future international settlements are jeopardized and that Germany's financial recovery is impaired, temporarily at least. There was a tendency to await developments before passing judgment on what Hindenburg's election means with relation to a return of the monarchy.

LONDON, April 27.—Great Britain may decline to congratulate Field Marshal von Hindenburg on his election to the German presidency. The foreign office was undecided today as to what attitude to adopt, some officials inclining to the view that the customary congratulations should be sent only to countries especially favorable to Britain.

Ex-Premier David Lloyd George, arriving at Southampton from a vacation in Madeira, was particularly interested in news of Hindenburg's election.

"I think France drove Germany to this mood," he said. "However, I don't think Hindenburg will do anything rash. He is a steady old man and doesn't possess a rash temperament."

FRENCH PROTEST ON ELECTION INTIMATED

BERLIN, April 27.—The German foreign office received unconfirmed reports today that France would protest against the election of Field Marshal von Hindenburg, because his name appears on the French list of "war criminals."

GERMAN WOMEN VOTE FOR MILITARISM

PARIS, April 27.—The part played by German women in electing Field Marshal von Hindenburg to the presidency is considered as extremely significant by the French foreign office.

any other country, it was pointed out at the Quai d'Orsay to women might be expected to vote for peace.

"But in Germany," officials said, emphasizing the fact that the women's vote was a most important factor in Hindenburg's success, "they voted for militarism."

The name of Hindenburg, the French pointed out, is No. 237 on the list of "war guilty," compiled in connection with the Treaty of Versailles. He is charged with deportations, pillaging, destruction of towns, arson, carrying off women and girls, and other crimes.

Diplomats expressed little surprise, however, and declared that fundamentally there is small difference between Hindenburg and Marx. The latter's statements, such as one to the effect that he favored union of Austria and Germany, are held contrary to the treaty.

If Marx has been elected, it was said at the Quai d'Orsay, France would have been allowed to continue to sleep under the illusion that Germany had a real desire for peace.

WASHINGTON, April 27.—Four of the six children of David Cortez were burned to death when their home here was destroyed by fire Sunday. The youngsters ranged in age from 7 to 13 years. Cortez was badly burned when he attempted to rescue them. He saved two of the children, but was unable to reach the others before the flames had burned them to death.

The reporters, James W. Mulroy and Alvin H. Goldstein, received awards of \$1000 each.

The gold medal offered for the most meritorious public service rendered by a newspaper was not awarded this year. The Charleston News and Courier's editorial on "The Plight of the South," written just before the last presidential election, received the \$1000 prize for editorials.

Roland Kirby, cartoonist of the New York World, won \$500 for his cartoon "News from the Out-United States, Russia and Mexico, as being outside the League of Nations."

FIND HACKED BODY OF GIRL IN ROAD

GARY, Ind., April 27.—A railroad man was hunted by police today and a local politician was under investigation in connection with the brutal murder of a girl, whose mutilated and charred body was found on a lonely road three miles from Chesterton, Ind., last night.

The girl had been shot three times through the head and the body burned. Both legs and one arm were either hacked or burned off.

Among the articles strewn about near the body were two cards, one the campaign card of a Gary politician, the other a railroad employee's card, with the name obliterated. A broken string of pearl beads, a pair of horn-rimmed glasses, a push of a Gary newspaper completed the remaining clues to identify.

Two men from Gary, who looked at the body early today, said they had seen the girl, who they believed it was that of Margaret Bishop, 20, reported to have been married two months ago and separated from her husband two weeks later.

Former Santa Ana Resident Reported Fatally Injured During Nevada Trouble

CONFUSION IN NAMES

One Man Is Dead As Result of Gun Battle In Ely Streets Early Today

RENO, Nev., April 27.—"Bill" Emmett, 49, in a precarious condition at a hospital and a man known as Ted Chambers is dead as a result of a gun battle early today at Ely.

Emmett and Chambers are declared to have been drinking together in Chambers' cabin. Later Chambers followed Emmett home and accused him of attentions to his wife. The battle followed. Emmett's father in Santa Ana, Calif., has been notified. The dead man's name of Chambers is believed by authorities to be assumed. They say they think he has a prison record.

A MAN, thought to be William Emmett, 49, formerly a resident of Santa Ana and for years a prominent real estate dealer here, was reported fatally shot, in Reno, Nev., early today.

Emmett, received here, and signed by the sheriff at Reno, announced that "your son" was shot. The telegram also stated that the man would die.

At the same time, a report from Los Angeles was to the effect that a man, known as Roy Emmett, rodeo performer, was shot and fatally wounded in a duel which was fought on the streets of Reno with one Ted Chambers. Chambers was killed in the gun battle, according to the report.

Doesn't Know "Roy" Emmett.

According to J. A. Goetz, service station man of South Main street, there is no "Roy Emmett" in his family, although Goetz is a brother-in-law of William Emmett, who lives in Reno. It was Goetz who received the telegram here addressed to Dan W. Emmett, who is the father of William Emmett.

William Emmett until eight years ago lived in Santa Ana, and has a number of relatives here, one of whom is Robert Emmett, 21, a son. His sister also lives here. His father, D. W. Emmett, resides in Long Beach, it was said today.

William Emmett is the man to whom the telegram referred, in the opinion of Goetz, but he is unable to understand the Los Angeles report of the affair.

He said that he was of the opinion that Emmett was a deputy sheriff at Reno, and thinks that he may have been shot while arresting some man, but he holds little faith in the story of the duel.

Once Owned Land Here. William Emmett was at one time the owner of the site where Delhi now stands, according to Goetz, who also stated that he and William Emmett were instrumental a number of years ago, in subdividing the Glorieta.

Goetz stated that William Emmett had two brothers, both of whom reside in Ventura county, where the family has large real estate holdings. The brothers are Sherman and D. W. Emmett Jr., who also are said to be well known here.

Although the family here has wired the sheriff's department at Reno to learn further particulars concerning the shooting, they have received no answer. His sister here contemplates going to the wounded man's bedside if she can learn whether he can live long enough for her to reach the Nevada city.

COUNTY NATIVE, BORN IN 1845, GETS SUMMONS

Ruperto Serrano, one of the best known cowboys in Orange county, and in his younger days one of the best horsemen in the county and in the Southland, died Saturday at the county hospital, at the age of 80 years. Arrangements for the funeral had not been completed today.

Mr. Serrano's wife and four children are at the county hospital, also. Mrs. Serrano having double pneumonia and the children suffering from scarlet fever.

Born at El Toro, March 27, 1845, Mr. Serrano had seen the county develop from a mustard patch and wild wilderness to its present high state of cultivation.

In the early days the Serrano family was one of the prominent Spanish families of the Southland, their home at El Toro being a point where genuine hospitality was dispensed.

Jose Serrano was the father and he was given by the Spanish government a grant of approximately 11,000 acres, the present town of El Toro being located in the center of the big tract. Jose Serrano was born in Los Angeles.

Let Property Pass. With the ground more or less valueless in those days, and with the hospitality of the home drawing heavily on the resources of the family, the property passed from the hands after the death of the father in the early '70s. Ruperto had charge of the property and managed it for a number of years.

For many years he has been a picturesque character in the county. Many of the old-time barbers' at Orange county park, at Capistrano and elsewhere, in the county have been directed by him. He was the sole survivor of a family of seven boys and four girls.

Old Rescue Recalled. Many old-timers will recall an incident of several years ago, in the horse-drawn days, when the dead man proved himself a hero in the rescue of a Santa Ana child from a runaway team. Hitched to a big wagon, the team ran wildly down Fourth street. Mr. Serrano happened to be in town mounted on one of his fleet cow ponies. He rode along side of the wagon and in a skillful manner lifted the child from the seat and saved it from injury.

For the past thirty years or more Mr. Serrano had been employed as a cowboy either by the late James McFadden or the Irvine company. During the latter years of his employment by McFadden he lived in Aliso canyon.

Moved to Santa Ana. In more recent years he had been living in a home provided him by the Irvine company. Last October he moved his family to 602 Artesia street in order that his children might have advantage of the Santa Ana schools.

The names of the children, who are with their mother, are Ruperto, Jose, Pedro and Savino. Nephews and nieces surviving are Frank, Joaquin, Cornelio, Leonardo, Jose, Alfonso, Pablo and Ninfa Serrano, all residing in Orange county, and Carlos, Francisco, Joaquin, Juan, Clorinda, Beatrice, Eulinda and Refugio Serrano, all of Prado, Riverside county.

BANDITS LOOT STORE. SAN FRANCISCO, April 27.—A bandit trio, aided by a woman look-out, entered the Livingston brothers' department store here during the night, bound the night watchman and two janitors, and escaped with fur coats and other apparel valued at from \$5000 to \$10,000.

REPORT PLANS FOR APARTMENT HOUSE IN CITY

A report was current today in local real estate circles that a syndicate of Long Beach promoters, backed by Long Beach and Santa Ana capitalists, is planning construction of a modern apartment house on Broadway, between Tenth and Seventeenth streets, at an investment of \$150,000.

While no definite details were obtainable, it was learned that the project has been under consideration for some time, and that within a short time the promoters of the enterprise would establish offices in this city.

The plans are said to call for a high class apartment house, located in the center of a popular residential district.

Lake Cuyamaca Fishing Outlook Good, Is Report

In order to obtain first-hand information on trout fishing prospects and accommodations at Lake Cuyamaca, Mr. and Mrs. O. J. Hawley spent the week end at that resort with their baby daughter.

Hawley says the best route, a distance of 115 miles from Santa Ana, is via Oceanside, Vista, Escondido, Ramona and Julian. He reports the roads in good condition. Fishing prospects are bright, he states, for the season opening on May 1.

Meals can be obtained at the lodge and excellent camping facilities are provided for sportsmen. Hawley says. He adds that there is a general store at the lake. He advises that it is too early yet for tents, as 10 inches of snow fell last week and winter sports were being enjoyed over the week-end.

A big barbecue is scheduled for May 3, Hawley states.

Desiderio Burruei Called by Death

Desiderio "Dis" Burruei, 26, son of one of the pioneer Spanish families of California and a native of Orange county, died suddenly Saturday evening at the family residence, 912 East Pine street, Santa Ana.

Funeral services will be held Tuesday, at 3:30 p. m., in the Catholic church at Third and Grand streets. Interment will be in Fairhaven cemetery.

The deceased leaves a mother, Mrs. Niebas Burruei, a sister, Miss Ollie Crofford, and three brothers, Joe, Johnny and Victor Burruei.

He had lived in or near Santa Ana all his life. The Burruei family was among the oldest settlers of the county, once owning all the land on which the town of Olive now is located. It was then known as Burruei Point.

Claiming that oil companies engaged in drilling wells in the Huntington Beach field used her property while developing adjacent lands, Kathleen E. Speery today asked judgment for \$5000 damages, in a suit filed in the superior court. White and Behr, and Weaver brothers were named defendants. The plaintiff's claim included \$2000 a month for a period of 25 months. Attorney Rollin L. McNeill, Los Angeles, represents her.

Oil Drillers Sue
J. C. Gamba and Karl Wright, oil drillers, today had a suit on file in superior court asking judgment for \$5700 against the Belle Monte Oil company and the Triangle Syndicate, which they claim employed them as drillers and then failed to pay them.

They were engaged to drill in the Huntington Beach field, the plaintiffs alleged, contracting to deepen a well 1525 feet for which their employers were to be paid \$20 a foot. Gamba and Wright assert they were to be paid two-thirds of what remained of the \$16,500 thus secured, after expenses were paid. The expenses, they estimate were \$12,000, leaving \$4500 due them.

In addition they demand \$1350 each as wages, at \$15 per day.

Ask Mortgage Foreclosure
The Placentia Savings bank today had filed suit in superior court against Mr. and Mrs. B. Apario, asking foreclosure of a \$300 mortgage. Attorney Roland Thompson, Santa Ana, represents the bank.

Seel's Note Judgment
R. E. Ibbettson was plaintiff today in a superior court action on file against Y. Yarnell Smale, Perry Smale and Ernest Smale, seeking judgment for \$1875 on a note.

Asks \$500 Judgment
Judgment for \$500 on a claim assigned by Mrs. F. P. Doerr to the Etelson Collection agency, of Los Angeles, was asked today in a superior court suit filed against J. A. Sowers, Orange county resident.

Sues Pacific Corporation
The Pacific corporation and its directors, together with J. E. F. Darnell, B. R. Parrott, Herman Fisher, J. D. Dierksen and Orman W. Ewing, who are said to have had charge against the company property or an interest in it, were named defendants today in a suit filed in superior court by Henry Lahr, of Orange. Lahr asks judgment for \$2500, alleged to be due on a \$5000 note, and for \$2390 which he also loaned to the company, he claims. Attorney L. F. Coburn, of Orange, represents Lahr.

Damage Suit Starts.
A jury, empaneled in Superior Judge Z. B. West's court today, was hearing the damage suit brought by John Conley against George Rebbman, of Buena Park, for injuries alleged to have been received by an automobile accident.

DINNER IS GIVEN FOR YOUNG FOLK

The United Presbyterian church was the scene of an enjoyable dinner given for the young people of the church, Friday night. The tables were decorated with sweet peas and the seating was arranged according to the Sunday school classes. Many songs, chosen from the Y. M. C. A. books, were sung between the courses, the singing being conducted by J. A. McMill, secretary of boys' work of Y. M. C. A., with Mrs. McMill at the piano. Entertainment also was furnished by the Sunday school orchestra. Ladies of the Berean class prepared the dinner. Dinners and socials are held once a month at the church for the purpose of bringing the young folk together in a social way. Every member of the senior Sunday school department strives to be present at a silver loving cup is given to the class that has perfect attendance. The class that wins this cup four out of six times has its name engraved upon it and the cup becomes the permanent possession of the class. The cup this month was won by Miss Henderson's class, composed of high school girls.

Beware infection

A break in the skin is dangerous

EVEN the little injuries can lead to great trouble. If you cut or break the skin, microbes often get in; and if they do, they usually cause dangerous inflammation.

Take care of the cuts, burns, scrapes, blisters, etc. Cleanse them well—the best way is with Resinol Ointment. It will stop the smarting at once and start the healing right. Its soothing medication helps nature to fight germ invasion, and close the wound in a healthy way.

Resinol Soap has the same soothing qualities which help it to thoroughly cleanse and preserve the skin at the same time. Ideal for the complexion and bath.

P. O. EMPLOYEES NAME OFFICERS FOR NEW CLUB

With the adoption of by-laws and election of officers, the Orange County Postal club was formally organized Saturday afternoon at a well attended meeting held in the I. O. O. F. hall, Anaheim.

Following are the officers of the new organization: President, E. C. Lacey, Fullerton; first vice president, C. S. Scheumerhorn, Anaheim; second vice president, G. D. Dalzell, Huntington Beach; third vice president, Miss Mable Head, Garden Grove; secretary, D. W. Collins, Seal Beach; treasurer, J. S. Zuckerman.

The meeting was attended by postal employees from Santa Ana, Anaheim, Fullerton, Garden Grove, Seal Beach, Huntington Beach, Newport Beach, Balboa, Laguna Beach, San Juan Capistrano and Atwood.

Short talks were given by Postmaster Terry E. Stephenson, Santa Ana; Miss Mabel Head, Garden Grove; Nat Cole, secretary of the California Federation of Postoffice Clerks, Los Angeles; George Knopf and Robert Daney, Los Angeles. Other features of the program included musical selections by the Lewellyn orchestra and vocal solos.

Big Meeting of Elks Scheduled

With balloting on applications for membership, initiation of a large class of candidates, an excellent program of entertainment and a "feed" scheduled, all attendance records are expected to be broken at tonight's meeting of Santa Ana lodge of Elks, in the Sycamore street clubhouse.

The new officers, installed at the last session of the organization, will preside for the first time. According to reports, a number of surprise features have been planned for the evening. It is understood that the surprises will not be confined to the candidates. The meeting will commence promptly at 8 o'clock.

Spanish Pupils Give Exhibition

A number of eighth grade students of Spanish in the Frances Willard junior high school gave a demonstration of a new method of study and recitation at a session of the Modern Language Association of Southern California, held at the Franklin high school, Los Angeles, Saturday afternoon, under direction of their instructor, C. D. Chamberlain.

The new system, which is the result of experiments by Chamberlain in various modes of class room work, is a method of teaching in groups and correction of written lessons by members of the class. It is claimed for this plan that it offers an incentive to backward pupils and increases the interest of all—because learning is made attractive. Most linguists are of the opinion that there is need of reform in the manner of teaching modern languages, especially Spanish, which is included in the curriculum of several hundred universities and other centers of learning and more than 800 secondary schools, in this country.

The following named pupils of the eighth grade, offering their services for the occasion, took part in the exhibition test, which was the first public demonstration of the new system: Enid Bowles, Helen Stein, Helen Hendricks, Evelyn Hinton, Kathryn Carmody, Harvey Anderson, Billy Reinhardt, Bruce Harding, Margaret Waggoner, Elizabeth Walker, Emma Tanenbaum, Vivian Herr, Lucile Erskine, Roy Arms, Don Young.

Elizabeth Mateer, Burdette Heinley, Ralph Lessenger, Martha Leipsic and Olive Granger, while Grace Haskell, president of Willard junior high school Spanish club, assisted at the demonstration.

Police News

Burglars who entered the garage of W. E. Auldman, 219 East Twentieth street, Saturday night, stole a generator worth \$65, three magnitos, valued at \$45, a tire, and several tools, according to a report filed with the police department yesterday.

Although it was reported that the home of H. D. Drawn, 1416 West Washington street, was burglarized Saturday night, police, on investigating, could find no trace of any disturbance in the house. Neighbors of Drawn reported someone in the house, and police reported the back door had been opened, probably with the use of a wire, but nothing was missing. Drawn is in Escondido.

A WORD OF COMFORT
Because you are a social being
you need companionship in your
work and play. For the same ele-
mental reason you need to go to
church. You have much to give
and much to get from prayer and
worship with.

Do not attempt to bear your
burden in isolation. You draw
near to God in company with your
friends their unspoken sympathy
and confidence in you will soothe
and strengthen your aching heart.

BUREAU URGES
EXAMINATIONS
FOR CHILDREN

More than half the cases of com-
municable diseases that occur
among children, are found in those
of preschool age, according to Dr.
V. G. Presson, county health of-
ficer. This is contrary to the idea
that most persons have, for it is
generally thought that children are
seldom attacked by communicable
diseases until they begin their at-
tendance at the public schools.

Pneumonia, measles and whoop-
ing cough are specially prevalent
among very young children. The
doctor declared, and these diseases
almost always leave unfavorable
after-effects. Stressing the need
of a thorough physical examination
of children for hidden defects or
traces of disease, Dr. Presson said
that such duty should be made be-
fore the child enters school.

In order that all children may
have a chance to become physical-
ly sound before entering school
next fall, the bureau of child
hygiene of the California state
board of health is sponsoring con-
ferences in many counties, includ-
ing Orange county, where pre-
school children may be brought for
free physical examination. Chil-
dren who have suffered from any
communicable disease should be
given the benefits of such an ex-
amination without fail, it is urged,
and children who are to all appear-
ances perfectly well, should also
be brought to these conferences.

In conclusion, Dr. Presson stated
that the examinations will be con-
ducted in Orange county during the
month of May at different points.

I. O. O. F. LODGE
LAYS STONE OF
\$100,000 HOME

With approximately 2000 South-
ern California Odd Fellows in at-
tendance, the cornerstone of the
new home of Orange lodge No. 225,
at the corner of Chapman avenue
and Orange street, was laid Sunday
afternoon with imposing cere-
monies.

The main address was made by
Lyman King, past state grand mas-
ter of the lodge, and editor of the
Redlands Facts, who declared that
no lodge, secret order or organiza-
tion should aspire to political con-
trol of the United States, and that,
inasmuch as the citizens of the re-
public are pledged to respect and
abide by all laws, the eighteenth
amendment to the constitution
should not be flouted.

The topic of his address was
"The Principles of Odd Fellowship
as Regards the Constitution of the
United States."

The visiting and Orange Odd Fel-
lows gathered at Orange union
high school and marched to the site
of the new building. Prior to the
laying of the stone by Grand Warden
C. A. Palmer, of Villa Park,
Dr. B. E. Garrison, of Orange, and
Herchel Clayton, of Santa Ana, of-
fered vocal numbers. The Odd Fel-
lows band of Santa Monica played.

It is expected that the \$100,000
building will be ready for occu-
pancy about September 1.

YOU, THE PEOPLE!

WOULD you be as comfortable as you now
are without the privileges and help given
you by credit and terms?

Would you be the owner of, or have a substan-
tial equity in, your own home or other property if
you had to save the purchase price first and then
buy for cash?

We raise these points here today, simply to take a
small inventory of the helpfulness of the Horton Easy Pay-
ment Plan, and which has been so enormously successful
because you, the people, have wanted it, and we have
found the way to supply your want.

This store's niche in life is to provide a good share of
the people of this city with the means of brightening,
beautifying and harmonizing their homes.

Home furnishings are probably the most substantial of
all merchandise—there is something really tangible, a
something close to the idea of a man's home being his
castle; a part of the old but none the less incontrovertible
belief that upon the proper management and influ-
ence of the home depends more than upon any other
single earthly consideration, the future of the country
we call ours.

The Easy Payment Plan is part and parcel today of the
people's endeavors toward better homes—without it,
many of the comforts, pleasures and influences of true
home life would be lacking.

Missionary Society

Prospect of a happy afternoon at the suburban home of Mr. and Mrs. John Sebastian was here for a large crowd of members of Spurgeon Memorial church who late last week enjoyed a missionary tea amid the pleasant surroundings of the home.

Lavish indeed were the flowers used in artistic decoration and pleasing was the entertainment offered. The program opened with devotionals by Mrs. A. A. Jones after which young Woodrow Covington gave a pleasing piano number.

Julian Matthews, prominent in musical circles of the city and a son-in-law of the home, his wife having been Miss Lelia Sebastian, delighted with a cornet solo for which Miss Hester Covington played the piano accompaniment. Miss Thelma Obar gave a very enjoyable piano number and three small grandchildren of the hostess, Masters Jimmie and Stanley Sebastian and little Miss Vivian Sebastian of

PILSEN PRINCE SHOW REVIVES POPULAR AIRS

As the date for presentation of "The Prince of Pilsen" by the Orange County Choral union draws near, interest in the performance of the popular comic opera is steadily increasing. The musical numbers of the opera are perhaps among the most popular airs ever written. "The Message of the Violet" is one of the best known of the many songs contained in the score. The music throughout the piece, both solo and ensemble, is particularly bright and colorful, and with the excellent voices in the choral union chorus, will be well handled, it is declared.

Appearing again in the cast of principals is Reg Taylor, of Anaheim, who made his first appearance as a principal with the choral union in "Fra Diavolo" as Beppo the bandit. He plays the role of Tom Wagner, a naval lieutenant from Annapolis. To his lot falls the rendering of "The Message of the Violet."

One of the most faithful and enthusiastic members of the choral union, and one who is certain to make a decided hit, is Lillian Medbery, who appears as Sidonie, the French maid.

Another new-comer to the choral union, Marcelline Hoppes, will fill the shoes of Jimmie, the belboy, over on the lookout for tips and always happy and whistling.

The other leading characters are portrayed by Maurice Phillips, Lyra Daley, Thomas Halliwell, Garry Garway, Edith Cornell, Irma Huffman May and Lawrence Mayer.

The staging and lighting of effects for the production, as well as the musical direction, are in the hands of Ellis Rhodes, conductor of the choral union, who has a capable corps of assistants, headed by Gladys Hayden, arranging her costumes and scenery.

Prof. D. C. Cianfoni will, as usual co-operate in preparing the orchestra for the production. A good orchestra is regarded as a very necessary part of a musical production of this kind, not only affording the singers substantial support, but also adding greatly to the brilliancy of the musical numbers.

Tickets for the production can be obtained from members and the reserved seat booking will open shortly. The performances will be given in the high school auditorium on Tuesday and Wednesday, May 5 and 6.

Anaheim, gave a group of cunning kindergarten songs.

Following the program, Mrs. Sebastian assisted by a hostess committee, served tea very daintily, bringing the happy afternoon to a close.

Baptist Young People

Miss Edna Ingham was charming hostess last Saturday evening to the members of the Senior B. Y. P. U. of the First Baptist church at a party held at her home, 407 East Pine street. The pretty new home was artistically decorated with an abundance of flowers for the affair.

At the business session, it was decided to hold no meetings while the "Church School of Missions" is in progress at the church during the coming month. Mrs. Ray Echols introduced a series of new and lively games and stunts, which the crowd found extremely interesting, especially an indoor basketball game in which all participated. Music by Miss Edith Rindard was also an enjoyable feature. Late in the evening, Miss Ingham assisted by Miss Mildred Marchant and Mrs. Echols, served refreshments of brick ice cream and dainty wafers.

TOO WEAK TO WORK

Missouri Lady Says She Took Cardui and Regained Her Health and Strength.

Poplar Bluff, Mo.—"I believe Cardui as good a tonic as a woman can take," is the conclusion of Mrs. M. J. Allen, 423 Poplar St., this city, after her convincing experience with Cardui.

"Some time ago," says Mrs. Allen, "I was in a very run-down condition, a weak, tired feeling. I just didn't feel like doing any work or going anywhere. This was unusual with me, as I had always been ready to visit and did my work with ease."

"I decided I needed a tonic and, as I had read of Cardui, decided to use it. I found it all as recommended. I felt better after taking a couple of bottles of this tonic. I could do my work, felt much stronger, enjoyed my meals, and believe Cardui as good a tonic as a woman can take."

Cardui has now been on the market for almost fifty years, and, as a result of that period of service, thousands of once weakly women agree with Mrs. Allen that Cardui is "as good a tonic as a woman can take."

Ask for Cardui at any drug-store.

Philathea Class

Mrs. Q. W. Reed and a hostess committee composed of Mesdames Lowe, McGee, Stewart, Miss Effie White and Mrs. Ada Davidson, chairman, entertained the Baptist Philathea class very pleasantly last Friday night at the home of Mrs. Reed, 901 South Parton street.

Mrs. J. H. Stewart as chairman of the entertainment committee for the event, had arranged a succession of amusing numbers which opened with a "motion picture" followed by a theatrical number and concluding with a double mock wedding. Each number was met with enthusiastic enjoyment on the part of the 40 or more guests so entertained.

A background of colorful spring flowers was enjoyed also while at the refreshment hour, ice cream, cake and coffee formed a pleasant interlude.

The business of the evening was conducted by Miss Jennie Lasby, class president while Mrs. Lowe led devotionals.

WOMAN HURT IN FALL FROM CAR; WRECK FOLLOWS

Despite her 84 years, physicians at the Santa Ana hospital today said Mrs. L. W. Corby, 2005 Pinehurst drive, Hollywood, had an even chance for recovery, following an automobile accident near San Juan Capistrano, Saturday evening. Mrs. Corby was accidentally thrown from a car driven by her son-in-law, W. B. Ten Eyck, of the same address.

While Mrs. Corby and her son-in-law and her daughter, Mrs. Ten Eyck were on the way to San Diego to visit friends, she opened the door of the car to throw out a sack which had contained lunch, it was said at the hospital. In some manner Mrs. Corby lost her grip and was hurled from the car, landing on her head.

Ten Eyck, who was driving, became so excited he ran his car into a bank, with the result that he and his wife were thrown out and the car badly smashed. The three were removed to the local hospital where they were reported "resting as well as could be expected" today. Mr. and Mrs. Ten Eyck were not badly hurt.

Body bruises and abrasions were incurred by Ben Hoagland, Route 3, Orange, Sunday afternoon, when his motorcycle skidded, it was reported at the Orange County hospital, where he was taken for first aid treatment.

"LOST BATTALION" FULL OF THRILLS

Depicting life of the American soldier, both in this country and on foreign battlefields during the war, "The Lost Battalion" now being shown at the Temple theater, under the auspices of Santa Ana post No. 121, American Legion, thrilled hundreds who attended the Saturday and Sunday shows. The picture will be shown twice tonight and twice tomorrow night.

Beginning at the start of the war the film takes spectators through days of training, then across the sea and into the thick of the fighting, and for the first time in motion pictures, a true picture of the actual life of the American soldier on the battlefield, is shown according to members of the local post.

All through the screen drama runs a vein of pathos and comedy which relieves the tension of the war scenes and makes the picture one of the most colorful seen here in several years. "The Lost Bat-

talion" is described as interesting, historical and exciting.

Many of the parts in the play are portrayed by survivors of the famous "Lost Battalion," which, early in October, 1918, advanced further than the remainder of the 77th division, and was surrounded by the Germans.

REMARKABLE SALE OF PIANOS AND PLAYERS Being HELD IN THIS CITY

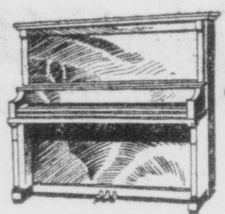

ENTIRE STOCK OF THE ORANGE COUNTY PIANO CO. BEING SOLD AT PRICES AND ON TERMS NEVER BEFORE OFFERED BY ANY DEALER IN SANTA ANA.

BRAND NEW PIANOS OFFERED ON TERMS AS LOW AS TEN DOLLARS DOWN AND EIGHT DOLLARS PER MONTH WITH TWO AND A HALF YEARS' TIME TO PAY.

Santa Ana, Apr. 27.—A short time ago the Orange County Piano Company of Santa Ana discontinued business. We have acquired their entire stock of high grade pianos and player-pianos, and are offering them at tremendously reduced prices and on unusually low terms as we are compelled to dispose of this stock at once. This sale offers the greatest opportunity of a lifetime to obtain a really high grade piano of standard make at a low price. The sale will continue for a few days only as these instruments will not last long at these remarkable reductions. Every day sees several of the best bargains snapped up. They are going fast. The average saving on these new, guaranteed pianos is over \$100. If you are in the market come here now and save this amount.

Come tomorrow morning—the best bargains will go first, so do not delay but come at once. During this special sale we are also making unusual reductions on our regular line of pianos, including the famous Sterling, Huntington, Weser Bros. and others which we have sold for several years throughout Orange County. The great number of Lindholm Piano customers in this community speaks for itself.

The extremely low prices we are placing on these brand new, fully guaranteed pianos are hurrying them into the homes of music loving people all over Santa Ana. Just imagine buying a strictly new \$375 piano, absolutely a standard make, for only \$259, and on monthly payments, too, if you desire. Such a price on new, high-grade instruments has never been heard of before in Santa Ana, and any one who is contemplating the purchase of a piano at any time should not fail to take advantage of this wonderful opportunity. This is a chance that will never again occur in Santa Ana; all we ask is that you investigate if you have any idea of purchasing a piano or player-piano. The reason for such tremendous reductions on these instruments is our positive necessity of closing out this entire stock at once—surely this is your opportunity. Buy now, or wish you had.

WHEN YOU CATCH COLD RUB ON MUSTEROLE

Musterole is easy to apply and gets in its good work right away. Often it prevents a cold from turning into "flu" or pneumonia. Just apply Musterole with the fingers. It does all the good work of grandmother's mustard plaster without the blister.

Musterole is a clean, white ointment, made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, congestion, pains and aches of the back and joints, sprains, sore muscles, chilblains, frostbitten feet—colds of all sorts.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole, 5c and 6c, jars and tubes; hospital size, \$2.00

Flowers Tell Secret Of Betrothal Which Crowns Romance

Crowning a romance of pretty features was the announcement of the betrothal of Miss Thelma Stockebrand, daughter of the F. F. Stockebrands of East Twelfth street, and Dale Pickering, son of Mr. and Mrs. J. W. Pickering of Valencia street, given Saturday evening to a friendly group assembled by Miss Mary Geyer to enjoy a dinner party.

Miss Geyer entertained at the attractive home of her aunt, Mrs. E. W. Smith of 1194 French street, where the elaborate dinner was served in five courses at 6:30 o'clock. Floral arrangements were in the hands of Mrs. William McElhannon of the Boquet Shop and the table was made to resemble an old fashioned posy bed with a center arrangement of purple iris and garden flowers, and exquisite French bouquets blooming at each place.

Within each bouquet was tucked a tiny engraved card bearing the formal announcement of the betrothal of Miss Stockebrand and Mr. Pickering, an announcement received with delight by the friendly group. Matrimony was quite the theme of the evening for a recent bride, Mrs. Carl Wiesseman (Miss Grace Ludwig) and a bride-to-be, Miss Beatrice Cartwright who will become Mrs. Robert Kenneth Crist in June, were prominent among the guests.

Miss Stockebrand's engagement to Mr. Pickering seems romantic indeed in view of the fact that during the schooldays of their parents, Mr. Stockebrand and Mr. Pickering and the present Mrs. Pickering and the present Mrs. Stockebrand, were boy-and-girl sweethearts. The families have always maintained a close friendship and the Pickering's came to Santa Ana from their Kansas home several years ago to visit.

It was then that the romance which will be crowned by a late summer wedding, had its beginning.

A series of pleasant pre-nuptial parties are planned for Miss Stockebrand, several of the Saturday night guest group announcing that they would entertain for her in the interval before the wedding. Miss Geyer's guests included her aunt and assistant hostess, Mrs. E. W. Smith, the honor guest, Miss Stockebrand, Mrs. J. W. Pickering, Miss Frances Stockebrand, Miss Marian Hickman of Los Angeles, Miss Beatrice Cartwright, Mrs. Carl Wiesseman, Mrs. Leon Holt (Miss Violet Post) of Pasadena, Miss Hazel Salisbury and Miss Jeanne Wilson.

Saturday Matinee For Children

Interest in next Saturday's matinee at Ebell clubhouse arranged by the ways and means committee of the club, is pretty evenly divided among children and adults, both groups anticipating the program to open at 2 o'clock under the direction of Estelle Card Beeman and Miss Carolyn Haughton. The committee plans to present three successive events in case the initial one meets with the enthusiastic reception which seems to promise, and all proceeds will be added to the Day Nursery fund, a project very dear to the hearts of all Ebell members. Mrs. William L. Deimling, chairman of the committee, today stated that Mrs. Beeman and Miss Haughton had planned an unusually attractive program to be presented by children alone, thus adding to its interest for the youthful members of the audience. A very nominal admission will be asked and it is felt that the scheme will be appreciated by mothers of young children, thus left free to do an afternoon's shopping while their little ones are well-cared for and having a most happy time in addition.

Pleasant Week-end At Henshaw Dam

Mr. and Mrs. Charles L. Davis, 1313 North Broadway spent a delightful week-end with a party of friends at Henshaw dam, above Elsinore, a place noted for its beautiful scenery. Their friends, Dr. Arthur Bowland, Mrs. Bowland and Mrs. Hochshlager of Los Angeles, met them at Elsinore and accompanied them to the dam. A pleasant feature of the return trip was a visit to the new and artistic buildings of the Southern California Athletic, Country and Golf club, on the shore of Lake Elsinore, the tour of inspection being under the guidance of Dr. Bowland, who is a member of the club.

Jolly Dozen

At the home of Mrs. John Rudolph, 921 Hickory street, which was beautifully decorated for the occasion with roses and sweet peas, eleven members of the Jolly Dozen club met Thursday and exchanged greetings, the missing twelfth member being Mrs. Olive Lopez, who is disabled on account of a recent accident. Hopes were expressed that she would soon be able to meet with the members again.

Attending as guests were Mrs. A. Borchard, Mrs. C. Borchard, Mrs. Gertrude Young and Miss Annie Young. An afternoon of bridge was enjoyed, and as a result prizes were awarded to Mrs. H. A. Shugart, scoring high, Mrs. C. W. Schmiedeburg, second high, and Miss Katherine Dryer, the consolation gift.

At the refreshment hour the card tables were spread with dainty linen and centered with baskets of lovely roses. The next meeting of the club will be held two weeks from the pleasant event of Thursday, at the home of Mrs. C. W. Schmiedeburg, 1202 North Van Ness avenue.

BRIDGES HALL CEREMONY CROWNS COLLEGE ROMANCE

No more beautiful setting for a wedding could be devised than the rich simplicity of Bridges Hall of Music at Pomona College where on Saturday afternoon at 4:30 two popular alumni of the college, Miss Elizabeth Cram of Highland and Orlyn Nelson Robertson of this city, took their wedding vows in the presence of over 200 friends and relatives.

The sweeping velvet curtains of the auditorium stage were sufficiently decorative in themselves and one great basket of pink blossoms formed the high light in the picture. Preceding the ceremony, guests were entertained with an organ recital of unusual beauty by Walter Hanby of the college. As afternoon shadows lengthened the program was varied by harp and cello numbers played by Miss Betsy Shelton, harpist and Miss Marjorie Carver, cellist, one in green and one in peach crepe de chine.

Miss Holly Lash of this city in golden tissue gown, sang Cadman's "At Dawning" and "Oh Promise Me" by Reginald De Koven in a manner that was rendered all the more sympathetic and beautiful because of her own approaching wedding to Nelson Visei.

Promptly at 4:30 o'clock, coincident with the triumphant opening strains of Lohengrin's Wedding March, two small pages, clad in white from plumed hats to little shoes, entered with white enameled bumpers, apparently announcing the approach of the bride. They were little Miss Betty Hellyer and Master Jack Coy, and marching the length of the auditorium they took their places on the velvet covered stairs, and the ushers entered, Messrs. Gerald E. Sanford, William Gregory and Morris Pendleton, Phi Delta fraternity brothers of Mr. Robertson, and Fred Cram, brother of the bride.

Taking their places, two on either side of the auditorium, they were followed in turn by the four lovely bridesmaids, the Misses Helen Hankey, formerly of Santa Ana, Mary Rideout, Lucy Stolesbury and Gertrude Hidden, a cousin of Miss Cram. Each wore an exquisite lingerie frock of net and lace over pink, one apple green, one dahlia blue and one, orchid. Shepherdesse hats of silver tissue and taffeta and long crooks in the fine prevailing colors, completed the colorful and lovely ensemble.

Gowned in deep rose pink combined with gold lace, wearing a rose and gold hat and carrying Killarney roses, Mrs. Fred Cram was a charming honor matron. Blonde little Nina June Robertson, blonde girl and Lucille Cram, dainty small daughter of the Fred Crams, as ring-bearer, were equally fairy-like in demure white frocks, each with a fillet of wee rosebuds binding her blonde hair. They completed the march of the attendants, after which all eyes were centered on the bride.

Entering upon the arm of her father, Frank L. Cram, the bride was a picture indeed in a modish gown of beaded chiffon whose bouffant short skirt was given added chic by the broad band of white fur at the hem line. Her veil of lace-edged tulle, fell from a coronet of real lace and orange blossoms and swept the floor in court length. Orchids and lilies of the valley formed the shower bouquet.

Met at the altar by the bridegroom who had entered with his best man, Fred W. Robertson, the bride was surrendered to his keeping by her father, and the service Rev. Mr. Dell, pastor of the Garden of the Cross church, presided.

Wedding Anniversary Happily Observed In Randall Home

Standing amidst a profusion of flowers which created the effect of an old-fashioned garden, Mr. and Mrs. Charles F. Randall of 721 South Main street received the congratulations of their friends Wednesday, April 22, the anniversary of their wedding day sixteen years before in Bridgeport, Connecticut. All day groups of friends passed through the hospitable doors, some coming from Los Angeles, Costa Mesa and Garden Grove, and many greetings were exchanged between old acquaintances.

Delicious refreshments of sandwiches, ice cream, cake and coffee were served. Mrs. Randall was assisted in receiving by Mrs. Scott Smith. Among those who registered in the guest book were Mrs. Arthur C. Ecklund, Mrs. Carey Haynes, Mr. and Mrs. Scott Smith, Mrs. Mary Schlamman, Mrs. I. A. Necham, Mrs. J. A. Elliott, Mrs. J. N. Harper and son, Mr. and Mrs. H. G. Lycan, Mrs. F. E. Six, Miss Virginia Pope, Miss Helen Shaw, Mr. and Mrs. F. Shaw, Mrs. H. Fred Palmer, Miss Hazel Bemus, Mrs. Frank Bemus, Mr. and Mrs. Herschel Clayton, Parla Nell Clayton, Mr. and Mrs. W. E. Litton, Mr. and Mrs. E. Raymond, Mr. and Mrs. Fred Pide, Mr. and Mrs. Seddon, Miss Armstrong, Mrs. P. J. Neal and Mr. and Mrs. V. Bates of Newport Beach.

Iris Gardens to Be Mecca of Section

Through the courtesy of Josephine Yoch, local nursery woman, the members of the Ebell Garden section with their husbands and friends are invited to join a pilgrimage to the Dean Iris Gardens at Moneta, Wednesday, April 29.

The iris fields are in full bloom now, and Mrs. Dean is a national authority on iris. Those desiring to go are asked to phone Miss Yoch at 235-M, also those who have auto space for others. The autos will meet at Ebell clubhouse at 8 o'clock Wednesday morning. The journey will be through Anaheim, Buena Park, and then north on Los Angeles boulevard about three miles to the first intersection, turn due west on the boulevard called Standard Oil pipe line, then through Clearwater, Compton and Gardena, go south to the corner of Market and western avenues, then east two block to Market and Connecticut streets where the iris gardens are located.

When you "Say it with flowers," say it with ours, FLOWERLAND. Phone 2326.

Al Fresco Dinner Is Pretty Event of The Week-end

Adding the final perfect touch to a delightful scene was the tiny "finger-nail clipping" of a new moon which was faintly visible to guests of Miss Thelma Stockebrand at an unusually pleasant al fresco dinner late last week, at the pretty Stockebrand home, 118 East Twelfth street.

The hospitable affair was planned to honor C. A. Leamer, identified for several years with the selling force at Spicer's store where Miss Stockebrand is also employed, and who, severing her connection there, will leave soon for the north. Mr. and Mrs. F. Stockebrand aided their daughter in dispensing hospitality as did Miss Frances Stockebrand.

A long table was arranged in the midst of the flowers of the garden and was decked with ferns and sweet peas in attractive arrangement. As the long rays of the setting sun illumined the scene, the guests were asked to find their places and were served with a delicious out-of-doors menu of southern baked ham, escalloped potatoes and similar delicacies. The after-dinner period was a most entertaining one to which Miss Dorothy E. Perkins and Ernest Campbell contributed pleasant numbers, Miss Perkins giving readings and Mr. Campbell singing.

Enjoying the happy occasion with the host group, Mr. and Mrs. Stockebrand, Miss Thelma and Miss Frances Stockebrand, were Mr. and Mrs. C. A. Leamer, Mr. and Mrs. E. Campbell, Mr. and Mrs. Manfull, Mr. and Mrs. W. B. McConnell, Mr. and Mrs. Cox, Mr. and Mrs. Colanich, Mr. and Mrs. Rose, the Misses Zimmerman, Bradley, Kuehne, Loreen Saners, Koser, White, Johnston, Perkins, Holms, Haywood, Jacque, Sched, Akers, Mesdames Platt, Presley, Smith, Harris and Sutherland and Mr. Featherly.

NEW BILLS FOR RIVER, FLY WAR, AWAIT SIGNING

The white fly bill, appropriating \$100,000 for an extermination campaign to be waged in northern California citrus districts, under direction of Leon Whitsett, Orange county supervisor, is now before Gov. Friend Richardson for his signature, having passed both senate and assembly, it was announced here today.

The measure appropriating \$50,000 for a survey of the Santa Ana river basin, also is on the executive's desk. According to Whitsett, both bills seem assured of receiving the governor's signature.

Whitsett, who is regarded as an authority on agriculture and horticulture, was appointed by E. H. Hecke, head of the state department of agriculture, to act as chairman of the committee entrusted with war on the white fly, now said to be infesting citrus districts in several northern counties.

SAYS TEMESCAL LINE WILL NOT AFFECT S. A. CO.

Santa Ana valley irrigation interests are not affected by the plans of the Temescal Water company, supplying the Corona district, to develop or purchase water along the Santa Ana river near Colton, and carry it to Corona, according to H. C. Head, attorney for the Santa Ana Valley Irrigation company.

No protest against the Corona plan is in view, and none will be made so long as water is not removed from the Santa Ana river watersheds. Head stated, with reference to the announcement from Riverside Saturday that a deed had been recorded there, showing plans of the Temescal company to flow water through the Gage canal from the Santa Ana river head-gates to Arlington Heights.

At the same time, Attorney Head gave an idea of the desperate plight in which the Corona district is finding itself, this being further indicated by the fact that the Temescal Water company paid \$50,000 for flowage rights through the canal, covering only a portion of the distance the water must be carried.

Supply From Deep Wells. "The chief source of supply for the Corona district has been deep wells, south and east of Perris, from where the Temescal company piped water, via Elsinore and Temescal canyon to Corona," said Head.

"Not long ago these wells developed salt water, and were eliminated as a source of supply. Temescal officials at that time stated that they had to get 500 inches of water somewhere and were ready to pay \$500,000 for it, if necessary."

"We have known for some time of their plans, and have no objection to them. We told them so in a conference on the subject. We will not object so long as the water is kept in our watershed, as it largely comes back to them, in any event. The water we get here is second-hand. It has been used perhaps several times for irrigation up river, and drains back into the river or reaches the underground water levels. At Corona there is a sharp slope toward the river and most of the water used there gets to us eventually."

From Colton District. "The water they expect to flow through the Gage canal will come from wells in the vicinity of Colton. They will carry it to the highest point of the Gage canal, and remove it there to their own pipes, carrying it along the hills as high as possible until they reach the Corona district."

"The Temescal company, we understand, will get between 200 and 300 inches from the Colton wells. We understand also that they have arranged to purchase 200 inches from the Riverside Water company, which has about that amount to spare from its supply, procured from Warm creek, near San Bernardino."

The deed filed at Riverside shows that the Temescal company is given rights to flow 617 inches of water over a part of the distance, 583 inches over another portion, and 500 inches over a third portion.

Bandits Rob and Shoot Motorist

SONORA, Calif., April 27.—Lloyd Wax was shot and slightly wounded by highwaymen when his automobile stalled on the Stanford City road, near here. Wax was returning from a dance at Stanford City and was forced to stop when his engine stalled. Two bandits arrived on the scene and, after robbing him of a small amount of change, fired at him. One of the bullets struck him in the shoulder, causing a flesh wound.

May Bury Artist In Potter's Field

SAN FRANCISCO, April 27.—Famed as painter of the Panama-Pacific exposition picture "Stella," for which he refused a small fortune in 1915, Vincenzo La Rosa, dead, today was likely to be buried in the potter's field. The artist died in the county hospital last night, after a long illness, alienated from his six children, and the wife whom, a few months ago, he sued for maintenance.

The Scales Favor Your Own Home

April is ending and with it closes a month of intensive campaigning for home ownership and home building in Santa Ana. May arguments have been made and each one of them points to a pocket-book margin in favor of the man who owns—not the man who rents.

The scores of homes built or under construction in Santa Ana since the beginning of the present year are a most valid argument in favor of home ownership and home building.

If interested or if there are any points as to home building not yet clear we would be pleased to go into your problem for an exhaustive and careful study leading to its solution—A NEW HOME.

Special Sealy Mattress Display in Our Window—Now!

PICTURED in our south window is a typical scene at cotton picking time at the immense Sealy plantation at Sugarland, Texas.

Displayed are baskets filled with the soft, downy cotton that goes from the field to the gin and from the gin to the Sealy factories—then to you. To serve you night after night and promote sound, refreshing sleep.

In addition is displayed the Sealy Tuftless Mattress.

It's the exclusive, patented Sealy air weave process that makes the Sealy Tuftless so delightful in comfort and so luxurious in appearance. Contains only new, pure, virgin cotton of unusual buoyancy and covered with the finest quality woven tick. Its built-in smooth appearance and satisfying long life make the Sealy Tuftless decidedly economical in the home as well as in Hotels and Hospitals.

Sound, healthful rest and relaxation are such important factors in a happy and successful life, that thoughtful people are giving more consideration to the type of mattress they sleep on.

For nearly half a century Sealy Mattresses have been dispensing unusual sleeping comfort to the discriminating buyers of bedding equipment. Its luxurious comfort and delightful buoyancy win friends wherever it is used.

Today twenty-five factories from coast to coast are making Sealy Mattresses to supply the nation-wide demand for these finer units of sleep comfort. Made of the finest materials; manufactured carefully and expertly under modern sanitary conditions.

WORLD FLYERS' SAFETY****Relates Amusing Tales of
Notables In Different
Parts of Globe**

Was there ever so pregnant a phrase as "ports of call?"

"We stopped at all the ports of call from Suez to Marseilles," said a tall, slender young woman, speaking in much the same tone that a Santa Ana woman would use were she to say, "We stopped at all the towns between here and Los Angeles."

But to Maude Pilkington Lukens such a voyage is quite as ordinary as a trip to Los Angeles is to Madame Santa Ana. For she is the wife of a captain in the government geodetic and coast survey and as such has unlimited opportunity "for to travel and for to see."

For to behold the world so wide. Add to that privilege of visiting strange lands, the ability of a trained writer and the charm of a cultured woman of the world, and you have a glimpse of one of the most interesting women that Santa Ana has welcomed in many a long day.

Not that Mrs. Lukens is allowed to accompany Capt. R. R. Lukens on his vessel. A hard-hearted, unromantic government forbids that, but when he is called to far corners of the world, she follows on the earliest transport and they have intervals together in various ports. The honeymoon was the sole trip they have enjoyed together and then by a system of wire-pulling, in the stirring days of the World War, Captain Lukens was privileged to take his bride from San Francisco around to the Philippines on his vessel, "Wenonah," a sturdy little boat that proudly displayed her chevrons on her smoke-stack as a World War veteran.

Swim Is Disturbed.
How would you like to drop anchor in a bay at Mindanao and with your young husband, go ashore to have a cooling swim in the quiet waters of the little bay, only to have a band of Moros come bursting through the underbrush and with you no protection save the questionable aid of the natives?

**OIL 'MINE' ON
BLUFFS IS NOW
DOWN 400 FEET**

The "oil mine" which Tom Sharkey, driller for the Newport Petroleum company, is digging on the 250-acre lease on the bluffs overlooking Newport bay, is down 400 feet, and the pool of "hard oil," or asphalt, which is known to underlie the section, is expected to be reached within a short time, probably this week.

The lease adjoins that of the Bruce Oil company, owners of a 50-barrel pump that went on production a few days ago. The first hole of the Newport company, sunk in the regulation manner, penetrated oil sands, but the oil was so heavy that efforts to get it to the surface were unsuccessful and decision was reached to try the mining method. Sharkey expects to install steam coils in the mine when the pool is reached and pump the oil out after it has been heated.

A chunk of hard dirt, which fairly oozed oil, was taken out of the hole Saturday afternoon and exhibited to visitors.

**40 MILLIONS
IN NATION NOT
ABLE TO SWIM****Director of Physical Edu-
cation at Y Will Give
Course In Aquatic Sport**

Forty millions of the population of the United States can't swim. For a nation of 113,000,000 or so, professing to love outdoor sports, this "can't swim" number is too high by far, according to R. R. Russick, director of the department of physical education of the Santa Ana Y. M. C. A., who is promoting the "learn to swim campaign" to be held here during the week of May 4 to 11.

"There are a number of men and women in Orange county," said Russick, "who avoid spending their vacations near water because of their inability to swim. There are others who sit idly by on the beaches, or paddle around near the shore with shoulder high, while their friends are having a good time splashing and diving out by the raft in deep water."

The chief reason for non-swimmers and for the fatalities ever so often reported from bathing beaches is lack of confidence, explained.

"There is no reason why any normal person should have an abnormal fear of water," he said, "yet it has been said that for every man, woman and child who is at home in the water, there are three who are afraid of it."

The easiest time to learn to swim, according to Russick, is between the ages of 9 and 14, when coordination comes with little effort and when confidence is most easily acquired. A child should learn to swim as early as possible.

"But if your education along that line was neglected when you were young," he continued, "now is the time to remedy it. You may not be able to grasp the methods so quickly as you might have when you were a boy, or perform as good a jackknife dive, but you will be able to acquire enough knowledge to give you added pleasure on your summer vacation, and a feeling of safety on your fishing trip when the wind blows and the waves begin to roll high, or foolish friends rock the boat," he concluded.

TO START NEW AIR ROUTE

**SECRECY VEIL
THROWN ABOUT
OIL ACTIVITIES****Standard Representatives
At Irvine No. 1 Have Ab-
solutely Nothing to Say**

The veil of secrecy which the Standard Oil company has thrown around its operations at Irvine No. 1 in the Paulirino school district, is apparently impenetrable.

Efforts to secure information at the well Saturday were fruitless, employees emphatically declining to give out details.

Judging from the interest which a group of workers displayed while examining the end of the drilling bit, brought up while a Register reporter was outside looking in, the formations were of an interesting character. The conference lasted for nearly an hour, with the oil men at times gestulating excitedly.

From Where Did Oil Come?
The immense sump hole at the well is streaked with oil. Whether this oil is from the well itself or is the result of machinery operations, is not known.

The length of drilling pipe brought to the surface while the reporter was gazing wistfully through the barbed-wire fence, which encircles the rig and boiler, would indicate that the hole is down 3500 feet, perhaps 4000 feet.

The Standard is working three shifts, with all four of the boilers going full blast. From information secured before the mantle of silence was placed around the wild-cat, the company is determined to go 6000 feet, if necessary, to thoroughly prove the district.

New Derrick Erected.
Drilling activities are expected to start this week on the well which Hoyt S. Gale, Los Angeles oil operator, will drill a half mile north of the No. 1. The derrick is up and digging of the sump is occupying the attention of workmen at the well.

This lease also was secured from the Irvine company. It is understood that Gale is prepared to go 6000 feet, if required, to get the black gold.

A great boom is expected to result here if oil in paying quantities is struck in either well. Sharp advances in prices of both downward and country property are expected to result in event the search for oil is successful.

**SENIOR GIRLS TO
VISIT OCCIDENTAL**
A number of senior girls of the Santa Ana high school are planning to attend the annual May Day festival, at Occidental college, Wednesday, through invitation of the Associated Women Students of the college.

Program will open with an entertainment in the chapel at 10:30 o'clock in the morning. Following this, the visitors are to be conducted to classrooms until luncheon is served on the college commons.

In the afternoon, a cherished custom of the college, the crowning of the May Queen, together with the May dances, will take place.

**AMERICAN EXPEDITION WILL USE AMPHIBIAN
PLANES TO SEEK NEW NORTH POLE CONTINENT**

**Navy Aviators Will Pilot
Donald MacMillan On
Arctic Trip**

WASHINGTON, April 27.—Amphibian airplanes are to search for "Arctica," that undiscovered continent believed to be in the Arctic circle.

The planes, two in number, will carry Donald F. MacMillan, Arctic explorer, on his next polar expedition, scheduled to start in June.

They will be piloted by navy aviators in command of Lt. Com. R. E. Byrd of the navy bureau of aeronautics.

The amphibians are so called because they are able to alight on and start from both land and water. They are of metal construction, much stronger than ordinary planes. Their bodies are shaped like the hulls of flying boats, for alighting on water. To alight on land the pilot turns a switch which unfolds a wheeled landing gear.

The wheels of this gear may be replaced by aluminum alloy runners to land on snow or ice. The amphibian seats a crew of three. It is equipped with an inverted Liberty motor. Under normal conditions it carries 140 gallons of gasoline, sufficient for a 700 mile non-stop flight, but an increased gas capacity may be installed in the deep body.

Though his expedition is to be under the auspices of the National Geographic society, President Coolidge has endorsed the proposal to allow navy flyers to pilot the planes, and arrangements have been completed between MacMillan and Secretary of the Navy Wilbur.

Present plans are for the expedition to start from either Boston, Mass., or Wiscasset, Me., and proceed by ship to Etah, in northern Greenland. There MacMillan will abandon his vessel and fly with Byrd and his navy aviators to Axel Heiberg Land, where an air base will be established.

**PURCHASE LAND 150 TAKE PART
NEAR OIL WELL IN GYMNASIUM
AT COSTA MESA CONTEST AT Y**

Exercising an option secured some weeks ago, a group of Santa Ana men today had completed negotiations for five acres of land adjoining Interstate well No. 2, on the mesa at Costa Mesa. The men exercised the option in expectation of the property becoming valuable through the development of oil.

The syndicate is composed of Dr. A. V. Rossiter, Dr. W. C. DuBois, W. C. Jerome, T. E. Stephenson, Elmer Prince, Spencer Collins, Jack Oliver, B. C. Chapman and F. L. Burns.

The tract was bought from Bryan and Bradford and William McCoy at a reported consideration of \$8900.

The Interstate last week brought in a 50-barrel producer of low gravity oil, creating quite a sensation in the Newport Beach-Costa Mesa oil field. The well is near the reservoir of the Newport Beach water system.

The tract bought by the Santa Ana men is 1550 feet north from the Interstate well. Another company is starting drilling operations 800 feet east of the five acres.

One of the cleverest events of the year was the meet held at the Y. M. C. A. on Saturday, when more than 150 young men and older boys from Y. M. C. A.'s all over Southern California met for their annual conference and competition in gymnastic work.

The associations represented by gymnastic teams were Riverside, San Bernardino, San Diego, Pasadena, Long Beach, Hollywood, and Santa Ana. The entire afternoon was taken up with exhibitions and contest work staged by these young men under direction of their physical directors.

The Pasadena squad won high honors of the meet, with a score of 29 1-2 points. Long Beach came second, with 29 1-2; San Diego third, with 10, and Hollywood fourth, with one point. The points were awarded for excellence in apparatus work and floor work in the gymnasium.

Santa Ana's tumbling squad made a splendid showing, but being the hosts for the occasion, they did not compete for honors. Long Beach offered as a special number a cowboy dance, which was more than realistic. A squad from San Bernardino presented an eccentric drill number in costume, under the name of the "Irish Washerwoman," which not only showed careful training, but considerable skill in marching and fancy steps. San Diego boys gave an exhibition of pyramid building. Riverside had a gymnastic dance. Pasadena's large group of representatives demonstrated several pieces of floor work.

The whole program was one of exceptional interest. It was witnessed by a small number of Santa Ana people, who declared they had seen a good show as a return for their expression of interest and encouragement for the boys.

Chas. Searles, of Santa Ana, was chosen president of the conference. The principal address at the closing session, Saturday night, was made by John Rudd, of Anaheim. The leaders pronounced the meet as the most successful one that has ever been held, and they attributed much of the success to the hospitality of the Santa Ana association, and the convenience and comfort of the facilities in the Santa Ana Y building.

Desperate fight to save the beaches of Laguna Beach for the enjoyment of the public, and especially for Orange county residents, was launched today by the Laguna realtors, who have concentrated their efforts on stopping the building of a board walk on the beach directly in front of the business section of the city.

Several property owners, claiming to have a quit claim deed to the property, to the water's line, are now building a walk, which, when completed will be approximately 400 feet long, according to R. W. Peacock, president of the Laguna Beach realtors, who is leading the fight.

The realtors have met several times during the last two days and studied maps and in their own minds have established a true property line on the waterfront. They claim that at least 15 property owners have gradually built over this line toward the sea, until more than half of their houses are over the original boundary.

Employ Santa Ana Lawyers
With the building of the walk, the property line will be further violated, they say, and they are ready to fight the move. Attorneys of Santa Ana have been employed to study the situation, and, although nothing definite in a legal way has been done, action may be expected within a short time, they intimated.

Realtors point out several houses in Laguna Beach, which, they claim, were built outside of the original property line of the tract.

N. E. West, prominent citizen of the beach town, is declared responsible for the building of the board walk which will cut down the size of Laguna's beach area, if information secured from several realtors is true. West lives on the beach and is said to own several of the lots, in front of which the work is being built. He has allied with him other property owners, the realtors charge, and work on the walk has actually begun.

A quit claim deed to N. E. West and his wife, Mrs. Agnes G. West, from Seth and Nancy G. Marshall, is on file in the county recorder's office. It was made on Oct. 4, 1924, and recorded on Oct. 7, 1924. The deed conveys all beach land between two lots of the tract to the water mark at low tide.

Public Property 40 Years
The Laguna Board of Realtors claims that West and other property owners along the water front have never been assessed for the land of which they have taken possession, and have never paid taxes on it; that it has been public property for 40 years, and has been used by Orange county bathers for that length of time.

At the recent meetings of the board of realtors, old maps, which had been in pigeon-holes for many years, were drawn out and studied, with the result that members who are working to keep the beach free

"BEAUTY AND THE BAD MAN" AT YOST TONIGHT.

To appreciate all the fine things about "Beauty and the Bad Man," tonight's attraction at the Yost theater, you must see the picture for yourself. There is entirely too much to be said in favor of this picture for use to say it here and do it full justice. There is nothing hackneyed and stale about this delightful story which has been adapted to the screen from Peter B. Kyne's remarkable magazine story.

Mabel Ballin and Forrest Stanley, heading an unusually capable cast, carry the story along on a blue cloud, so to speak. The delightful story of a young girl who surmounted the obstacles which cluttered the path to a successful career, is not only written with charm and grace but is interpreted by the cast with amazing intelligence and laudable appreciation.

The locale of the story is California in the later gold rush days, a locale which apparently gave the art director an enviable amount of latitude in both indoor and outdoor sets and the effects he has achieved with both would do anybody justice. He has caught some of the interiors as anything we have ever seen on the screen at any time, and the would expect saloons and miners' cabins to look like back in the days when California was sparsely inhabited and none of the inhabitants went in much for decoration.

"THE DENIAL" CLOSES AT WALKER'S TONIGHT.
"My ideal man," says Claire Windsor, star of "The Denial," picture closing at Walker's theater, is

"A man of the world!
"A man who has poise.
"A man who is at home in any situation, whether as host at a dinner, victim of a holdup, or leader of a political party.
"I absolutely insist that he be dark, but I don't care if he is wildly good looking or not.
"To be ideal, he should have a romantic touch in his makeup, but this shouldn't be too pronounced; a dash of it will do, as they say in the cookbook.
"I have no interest in men of the 'sheik' or 'lover' type.
"I should like him to be a man of action—a man who works, and works hard. His profession or occupation matters little to me."

LAW ENFORCEMENT
TO BE DISCUSSED

The law enforcement situation in Santa Ana is to be the theme of a conference to be held in the city hall, on Tuesday and Wednesday, May 5 and 6, in which three local persons will read papers on subjects dealing with this problem.

Three speakers, under management of the Flying Squadron foundation, will be here to address mass meetings and to assist in the conference. One of these, Dr. Edwin C. Dinwiddie, is superintendent of the National Temperance bureau, in Washington. The president of the organization, Oliver W. Stew-

art, and Miss Norma C. Brown, vice president, also will be here. Dr. Dinwiddie will speak Tuesday night and Mr. Stewart and Miss Brown will speak Wednesday night.

These conferences will be open for free discussion and all who care to participate may have their say within discretionary limits, it is asserted.

who manned the gig in which you came ashore?

"It was a heart-arresting moment," declared Mrs. Lukens in recounting the tale. "We were quite helpless if they had been hostile. And that band of little dark men, their teeth filed in a strange concavity, lips and tongues blood-red from chewing betel nut, each head bearing its shaven crown, their queer garments, little bolero jackets and extremely wide pantaloons flapping loosely about their bare heels, really gave us a terrifying experience."

"However, we managed to conceal our trepidation and advanced toward them with outstretched hands when it became apparent they were even more afraid of us than we were of them, and it was only after repeated smiles and attempts at greeting that they allowed us near. Their lack of warlike demeanor, however, was a far different thing from the attitude that we have greeted us a few years before."

Hears Taft Story.
When teaching in the islands, Mrs. Lukens heard an amusing story regarding William Howard Taft, then governor-general, and later president. It was said that Taft would tell with considerable delight that he never received such an ovation as came from thousands of "little brown brothers" who greeted him throughout the Philippines with "Good morning, Mrs. Kelley!" It seemed that one of the first teachers in the islands was a Mrs. Kelley, who labored to teach her small charges the proper daily greeting. Her success was attested by the "ovation" offered Taft.

What was the amazement of Mrs. Lukens when, in Washington, D. C., for the recent presidential inauguration, to hear a dynamic little woman tell the story in the first person, and later to meet her and learn that she was really the famous Mrs. Kelley!

Yes, the Lukens were in Washington and heard the oath of office administered to President Coolidge. Also they had the pleasure of meeting Mr. and Mrs. Herbert Hoover. But all adventures, whether in the Philippines, in India, in Europe, or in America, pale into insignificance in comparison with one befalling this one fortunate little woman in Alaska last year, while Captain Lukens was locating the exact spot on the globe's surface occupied by the Behring sea. For to Mrs. Lukens was given the wonderful privilege of aiding in making world history!

Hears of Landing.
It was when the around-the-world flyers were preparing to start on that trail-blazing and epochal flight. Mrs. Lukens, then in Seattle preparing to take a salmon cannery tender to join her husband in the far north, went to the editor of a leading Seattle paper and asked if he would welcome stories regarding the flight, if anything chance to occur near the "Pioneer," her husband's ship. They agreed, but without enthusiasm, since the chance of anything occurring that sojourners in the

frozen north would learn before a chain of present-day papers, was faint, indeed.

Every school child of today knows the terrible reality of the landing of the plane of Major Martin. Every child knows of the horrors of his near-starvation when life was maintained only because he had a small bottle of a patent liquid food which Pasadena friends had pressed upon him just before his departure.

But what every school child does not know is that Captain and Mrs. Lukens were the first white persons to learn of his safety and that Mrs. Lukens sent out a breathless world the first news of that safety. All radios at canneries were closed to unofficial messages, but from the small vessel the message was broadcast and reached again it finally reached Los Angeles, whence it was relayed to the Seattle paper, which gave to the world the first authentic story of a miraculous escape.

Old Friend of Martin.
Major Martin and Captain Lukens were classmates at Purdue university, in Indiana, in 1908, hence their meeting was a highly dramatic one.

Captain Lukens is studying Pacific conditions from Seattle to San Diego, studying port facilities, coast configuration, every little detail of the coast line, in preparation for revising "The Coast Pilot," a government handbook. Following his investigations, he and Mrs. Lukens will return to Washington some time in September, when the actual writing will be done.

Found Sea's Position.
It was he who last year discovered that Behring sea was two miles out of place, according to latitudinal and longitudinal measurements, as given in earlier records. This mistake, while having no appreciable effect on the fishing industry or the price of wheat, yet is an important matter in the science of map-making. The error will be rectified on future charts.

LAGUNA BEACH OPPOSES WALK

(Continued from Page 7)

from further houses and obstructions, concluded that most of the houses are already over the original property line.

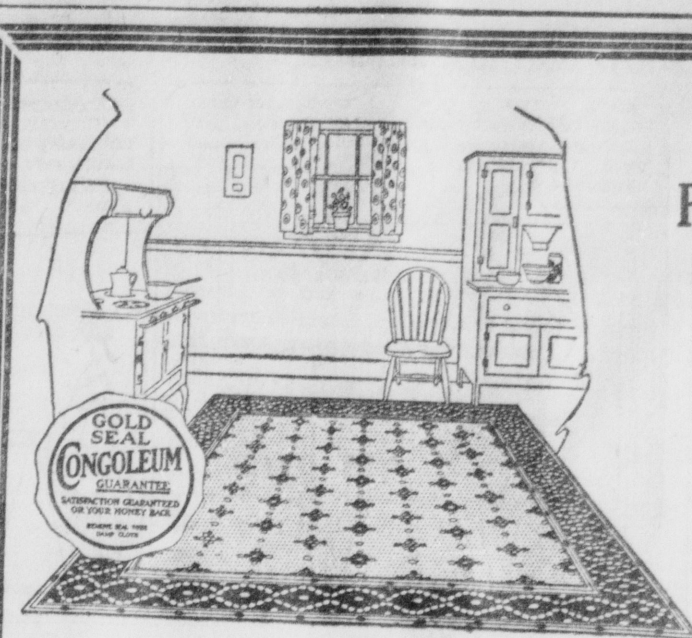

"We have fought for years to save our beaches for the public," said Elmer Jahraus, prominent realtor, who is one of the leaders in the fight. "Laguna has only a limited amount of beach space, and if any more of it is taken away from the public, it will mean that eventually Laguna will lose its proud name as the playground for Orange county."

"We want the public to know that our beaches are open for them and we want the public to know of the fight we expect to make to save this beach from persons, many of whom we do not believe have any right to this property. We want the public's approval of our work and we will go straight to the bottom of the affair and save our beaches, if it can possibly be done."

And by the way, Mrs. Lukens is quite enthusiastic about Alaska, despite the fact that, on her latest trip to the north, the cannery tender was "iced up" when they were 16 days out of Bellingham. "Iced up" means all that it sound like, and for six days the ship herself, a mass of ice from stem to stern, was immovable in a huge sheet of ice. How is that for adventure? Mrs. Lukens considers California the most delightful spot on earth after all!

For she does.

She states it enthusiastically.

NOTICE OF ELECTION
Pursuant to law and in accordance
with an order of the Board of Super-
visors of Orange County, California,
I, J. H. Egan, made, and entered upon
the minutes of the Board of Super-
visors, the 10th day of March, 1925.

NOTICE IS HEREBY GIVEN THAT
an election has been ordered and called
by the Board of Supervisors of Or-
ange County, California, and will be
held on the 4th day of May, 1925, in
all that portion of Orange County
which is situated in the northern part
and as formed into a county water
district, the boundaries of which have
been established and described as fol-
lows:

Located in the County of Orange,
State of California, and beginning at
a point in the northeastern line of Lot
164, of the Irvine Subdivision, as
shown on a map thereof recorded in
Book 1, page 48, Miscellaneous Rec-
ord Maps, records of Orange County,
California, which said point is distant,
43, 1/2 feet, from the northeast corner
of Lot 164, from the most easterly cor-
ner of Lot 164, said point of begin-
ning being the most northerly cor-
ner of that certain tract of land, of ap-
proximately 148.69 acres, described in

SCHOOL BOARD AWAITS COACH NAMING MEET

No new candidates had appeared in the Santa Ana high school coach appointment race today and indications were that the board of education, if it makes its decision tomorrow afternoon, will choose from the six mentors already known to be interested in the position.

The board meets at 4:30 o'clock. The session will be open. The resignation of Ed Covington, Poly football leader past two seasons, will be presented by Alex Brownridge, president of the school board, with whom Covington recently filed the parchment. Consideration of the candidates then will take the attention of the trustees.

Those known to be interested in the appointment are Jack C. Winterburn, coach at San Mateo high school; Eddie Kienholz, former Long Beach high school and Santa Clara College mentor; James Pierce, assistant coach at Glendale; Charles M. Best, former head coach at Purdue; Bill Hess, assistant at U. S. C. and Steve Blakesley, former Ohio State university halfback.

One and possibly two of the above candidates will appear before the board, it is understood. Several of the men mentioned above have only interviewed the trustees and have not filed applications officially.

While no official announcement has been made it is entirely possible that an immediate appointment will be made and that Poly's 1925-26 grid skipper will be named at the meeting.

LOS ANGELES, April 27.—Paavo Nurmi, greatest middle distance runner of all times, who easily defeated eight Sherman institute Indians, at the Coliseum Saturday, is reported to be favoring another engagement in Los Angeles.

The fleet Finnish runner apparently likes the track at the Coliseum. According to his manager, Hugo Quist, he would like to meet Willie Ritola here if the race is staged in the near future.

Nurmi drew 45,000 persons to the stadium Saturday and brought the crowd to its feet when he established a new American record for three miles.

LOS ANGELES, April 27.—Johnny Weismuller, holder of numerous world records for swimming events, will arrive in Los Angeles Tuesday morning with his teammates from the Illinois Athletic club and will participate in a series of events at the Los Angeles athletic club Tuesday night.

JACKSON HITS, HURLS SHIELDS SQUAD TO WIN

Pitcher "Husky" Jackson won his own ball game for the Shields baseball team yesterday afternoon. The score was 5 to 4.

Jackson, the first hitter of the ninth inning, tripled and when Charlie Blaeholder clicked out a single he ambled over the pan with the run that broke a 4 to 4 tie.

Then to show his class, the big Santa Ana pitcher fanned the three Lankersheim batters who faced him in the last half of the frame.

IRVINE LOSES S. A. BOWLERS CLOSE SET-TO TO ENTER BIG TO LA HABRA WEST TOURNEY

Irvine, long the semi-professional baseball lord of Orange county, jumped into a hornet's nest right on its own yard yesterday afternoon.

The Standard-Murphys, pride of this district, were easy for the Beampokers a week ago Sunday but they carried a prodigious sting to the cross-roads for the return game which, by some hefty swatting in the eighth inning, they won, 3 to 1. It was one of the best games of the year at the cross-roads lot.

Both clubs marked in the fifth frame. The score remained knotted until the eighth when the visitors obtained two of the five clouts allotted them by "Boissy" Boissierne, Irvine chucker, and it was these timely blows that broke away at McIntire and Hughes all afternoon but in the pinches the enemy gunners were too strong.

Boissierne hurled a neat game and it was not altogether his fault that Irvine suffered one of its rare defeats. Three of the five blows he allowed were gathered by Frivite, lead-off man for the La Habras. He was inclined to be erratic, however, and one of the five free tickets he dealt out to the home team.

Manager Harry Jessup intends to schedule a third and deciding match with the Standard-Murphys. This set-to will be to all intents and purposes a game for the championship of the county. The La Habra team is a good drawing card and if the third set is staged at Irvine there would be a big turnout of baseball lovers.

LOS ANGELES, April 27.—Two evenly matched teams meet today in the third game of the Pacific Coast league baseball championship, the Los Angeles third place club playing the Sacramento Solons, who are in fourth place.

Only 21 points separate the two teams in the standings. Both squads fell down last week before the playing of Salt Lake and San Francisco, respectively, and both are anxious to regain their feet by winning the series.

Buddy Ryan, new Senator pilot, will make his debut to Southern California fans. Other new faces in the Sacramento lineup are Dave, first base, Watson, third base and McLaughlin, shortstop.

'Bucky' Has Champs Hustling; Believes Solons Will Repeat

STANLEY HARRIS

The Washington Senators are playing hustling, fighting baseball this season and their youthful manager, "Bucky" Harris believes they will finish on top of the heap. They just closed a series with the New York Yanks and won three out of four contests.

San Francisco has entered 110 five-men teams. Los Angeles will be represented by 21 squads. Oakland entered 13, San Diego 7, San Jose 5, Fresno 4, Stockton 3, Richmond 2, Santa Monica 2, Venice 2, Santa Ana 2, Anaheim 2, Pasadena 2, Long Beach 2, numerous other cities, including Salt Lake City and Reno, will send at least one club.

Bowling experts predict that several Pacific Coast records will be shattered during the tourney as all players have been resurfaced in compliance with Pacific Coast league rules and the talent competing will be of the highest class.

There should be several 300 scores recorded in the five-men team events, more than 1300 for team doubles winners and above 700 to top the singles and nothing less than 1900 should capture the all-events title.

This week's schedule follows: Monday—Knights of Columbus vs. Elmer Plumbing Co.; Tuesday—Orange County Bank vs. Kelley Drug Co.; Wednesday—Swift and Company vs. Southern Counties Gas Co.; Thursday—Robertson Electric Co. vs. Orange County Title Co.; Friday—Register Publishing Co. vs. Chandler Furniture Co.

TUBBS AND ROBINSON TO PLAY FOR CHAMPIONSHIP OF LOCAL COUNTRY CLUB

"Hizzoner" John Tubbs, mayor of Santa Ana, and Homer Robinson, a youthful but most clever manipulator of every stick in the bag, will fight it out over the greensward for the golf championship of the Santa Ana Country club.

Semi-final rounds were decided over the local club's beautiful course yesterday. Tubbs eliminated Hugh Shields in a torrid 37-hole classic that was packed with dazzling shots while Robinson disposed of Charles G. Twist, president of the club, in another hair-raising engagement.

The Tubbs-Robinson match will be played Sunday, May 10. The former will be out of the city next week-end so a postponement of the play-off was necessary.

Shields captured the first hole from Tubbs with a par four but dropped the second, fourth and fifth, the mayor turning in a birdie two to take the fifth. Shields also lost the seventh and eighth, finishing the first nine, four down to Tubbs who navigated the round, his best, with a nice 40.

Regatta Lost Hole
Shields rallied on the second time around, negotiating the ninth in 42 which enabled him to regain one of his lost holes.

After lunch Shields, beginning three down, suffered defeat on the first two holes. Then he won the fourth and fifth, halved the sixth, won the seventh and eighth and halved the ninth, concluding the 27th hole still two down.

The 28th was halved. Tubbs captured the 29th, Shields the 30th and Tubbs the 31st. Shields won the next two, leaving him but one down and three to go. The 34th was halved and Shields, with a par, squared the match on the 35th hole where Tubbs missed a long putt to halve it. They both parred the 36th and the match went to an extra hole.

Shields had the honor on the drive which was almost equalled 27th. He got away to a beautiful by his opponent. Both men put their seconds to the edges of the green, Tubbs being at the far edge and Shields to the left. The mayor was away and played a perfect approach putt. Shields played short and left himself a putt of 15 feet which he missed, giving the match to Tubbs.

Goes Out in 40
On the morning round Tubbs was out in 40 and in 44 while Shields went out in 44 and came in 42. In the afternoon, Tubbs went out in 45 and in 45. Shields went out in 42 and came back in 43.

Robinson eliminated Twist, first up at two to go. The winner was one up at the end of the first nine, one up at the termination of the second nine and still one up at the close of the third round. Twist won the first hole but Robinson sank a long putt on the eleventh hole for a birdie four, winning from C. G.'s par five. On the sixteenth, when dormie three, Robinson holed a putt from the edge of the green, leaving Twist a 12-foot putt for a birdie to save the match which was missed by less than an inch.

Seven holes changed hands on the first nine holes, four changed hands on the second round and six holes passed around on the third excursion.

Holcombe Team Wins
A team captained by C. W. Holcombe defeated a squad headed by James E. Livesey Jr. 14 to 7. The Livesey players will pay for a dinner their adversaries will deliver May 8.

The results, with the Holcombe players named first, follow:
C. W. Holcombe and Ed Holmes won from J. E. Livesey Jr. and F. B. Browning, 2 to 0; J. P. Parsons and G. B. Shattuck lost to Norman Hoyle and C. G. Twist, 1 to 0; M. E. Lacy and A. W. Dula won from H. B. Van Dien and Frank Purinton, 3 to 0; W. E. Childs and Guy Gilbert lost to R. A. Mosher and Dr. M. A. Patton, 1 to 0; Dew Wallace and Hugh Smith lost to A. W. Rutan and F. E. Farnsworth, 1 to 0; L. M. Forney and Warren Fletcher won from J. E. Lieb and Lester Slaback, 2 to 0; J. W. Tubbs and Ed McWilliams, 1 to 0; J. S. Warner and R. O. Winkler lost to R. A. Emison and William Rohrbaker, 2 to 0; Harvey Gardner and C. E. Parker defeated Rex Kennedy and R. Russel, 5 to 0.

Santa Ana Girl Defeated by Mary K. Browne

Accorded the highest praise by her conqueror, Miss Mary K. Browne, internationally known tennis and golf expert, for her stoical battle against unsurmountable odds, Miss Thelma Patton, Santa Ana high school girl, was back today from the Ojai invitational tennis tournament. Miss Patton was defeated, 6-1, 6-1, by Miss Browne in the final round of the women's open singles championships. Miss Browne last year was runner-up to Helen Wills in the national women's tourney.

M'FADDEN CO. LEADING CITY BALL CIRCUIT

With the field gradually beginning to narrow down to a handful of contenders, teams in the Santa Ana Indoor Baseball league to-night open the fifth of an eleven-week contest to determine the champion organization of the city.

The crack McFadden Hardware company squad, undefeated in its first four starts, and the Southern Counties Gas company team, one of the hot favorites with the wagering public, are billed to offer the feature contest of the week when the tangle at the Poly grounds tomorrow night.

Not only will this game bring together Wayne Nelson and "Ben" Wilcox, rated by many experts as the finest pitchers in the league, but also will have a decided bearing on the championship. If the feature contest is another close one, the title series will be waged between the clubs that finish first and second.

Tonight's argument is to be offered by the Southern California Edison company and the Roehm-Sylvesters company. The Edison company Thursday evening and the Roehm-Sylvesters company Friday night and are expected to continue their winning spurt but the Roehm-Sylvesters have been playing in consistent tough luck and this may be their week to get going.

Wednesday's match sends the Fluor Construction company, tied for second place, against the colorful Kiwanis team. The O. A. Haley D. B. battle the Robertson Electric company Thursday evening and the Excelsior Creamery company get the Chandler Furniture company for Friday's battle.

Last week's postponed engagement between the Register Publishing company and Kiwanis club outlays will be played Thursday night as the second game of a double-header, according to present arrangements. When the postponed fray between the excelsors and the Robertsons will be played has not been announced.

The standings follow:

BIKE WEEK IS BEING MARKED OVER COUNTRY

National Bicycle week is being celebrated this week under auspices of the Cycle Trades of America, Inc., an organization which includes practically all bicycle manufacturers and makers of parts, accessories and tires.

The purpose of the week is to mark the official opening of the bicycle riding season and to stimulate bicycle sports among riders and dealers in all parts of the country. In this period national and local organizations everywhere vie with one another in putting on races of every description, parades, hikes and innumerable stunts and contests in which the bicycle plays the major role.

According to the latest compilation, there are approximately 3,000,000 bicycles in the United States with an annual production reaching almost to the half million mark.

More than 15,000 dealers in bicycles and accessories take an active part in the annual week, with the Cycle Trades of America augmenting its efforts to make the celebration an impressive one by advertising in a list comprising nearly 700 newspapers throughout the country.

In addition to this national advertising, thousands of dealers advertise in their local newspapers, organize bicycle parades, races, and hold demonstrations of all sorts. Headquarters reports that more than a 100 race meets and parades will be conducted during the week.

National Bicycle week happens to fall this season during the same period that National Boys' week is being supervised by the Rotary clubs of America. In a large number of cities, street parades of boys' organizations will be put on and, as many of these bodies have bicycle corps, the bicycle will be demonstrated in all its pleasure and utility phases. Cycling has become one of the most popular of the recognized activities of the Boy Scouts of America and Young Men's Christian associations, and also is extremely popular with the Campfire Girls organization, and others.

SEEKS NEW CLUE IN M'CLINTOCK DEATH

BAYVIEW, Tex., April 27.—State's Attorney John Scarboro, of Chicago, is coming to Texas to determine, if he can, the relationship between William D. Shepherd and Mrs. Emma McClintock and to find the physician who attended Mrs. McClintock during her last illness old residents here believe.

Mrs. McClintock, mother of "Billy" McClintock, for whose alleged murder Shepherd is under indictment in Chicago, died of a strange illness 18 years ago. Shepherd is said to have been with her from the time she took ill in Bayview until she died in Chicago, including a short stay at a hotel in Galveston and at a "watering place" in Louisiana.

Poison of sufficient quantity to cause death was found in the vital organs of Mrs. McClintock recently when authorities exhumed her body.

Scarboro was expected to arrive in Houston at 7:30 p. m. today.

Pasadena May Use L. A. Main Outfall

LOS ANGELES, April 27.—Pasadena will probably make use of the Los Angeles \$12,000,000 outfall sewer. An area of 180 acres in Pasadena can be best served through use of the Los Angeles sewer, according to engineers of both cities.

The Los Angeles city engineer has recommended that the city council enter into a contract with Pasadena.

Under the proposed agreement, Pasadena would pay \$100 an acre for the district served, besides contributing to the cost of upkeep and maintenance of the sewer.

Woman Killed In Hospital Bread Mixer

PROVIDENCE, R. I., April 27.—While inside a huge electric bread mixer at the City hospital, Mrs. Angles Dwyer, 55, a cook was killed here Saturday when knives of the machine suddenly began to revolve. Mrs. Dwyer was cleaning the mixer when the accident occurred.

Westminster

WESTMINSTER, April 27.—Refreshingly unique was the Wednesday meeting of the Happy Workers, when the conception of a hard time party was carried out with ingenuity and completeness. The serving committee and guests were attired in wash dresses, and the visitors of the other sex who came with collar and tie, etc., were duly fined. One of them, casting about for revenge, noted that with one or two exceptions, silk stockings were being worn with the wash dresses, and insisted in a fine being imposed for this luxury. After some objections this was collected and added to the treasury of the Happy Workers along with the fine for the neckties. On the tables and about the hall, mustard blooms and cat-tails took the place of the usual baskets of lovely flowers; in the dining-room paper was used instead of fine linens, and doilies were cut from the comic section of newspapers; the serving committee wore aprons and caps of the same material. Steel knives and forks, with wooden handles, resurrected from nobody knew where adorned the table in company with paper plates, tin plates for butter, and tin cans for cream pitchers. Even the coffee was poured from large coffee cans onto which handles had been soldered for the occasion. Entering into the spirit of the thing many of the members brought pennies galore to pay for their meal, which was delicious in spite of the setting. The tables were crowded and about \$25 was taken in. Mrs. R. E. Larter's committee served.

At the business meeting which followed immediately after the noon hour, votes of thanks were given to Mrs. Harry Mansperger, Mrs. Percy Lawrence and Mrs. W. McCall for gifts presented by them for the use of the society. Appreciation of the work of the cast of characters in the play, "Jayville Junction," recently given here, which netted \$65.50 for the treasury, was also expressed.

It was also voted to send a note of thanks and appreciation to Mrs. J. F. Patterson, who, always a devoted and active member, could not be at the meeting for the first time in years on account of the extreme illness of her husband. All were pleased at the motion which carried to the effect that instead of one committee doing all of the work at one time, that the committee serving at the previous meeting should take complete charge of

the kitchen and dining room after the diners have finished. Mrs. Rueben Edwards announced that the glee club singers would appear in Westminster for the benefit of the society on the night of May 8. Mrs. C. Rix, Mrs. Fred Basse, Mrs. W. B. McCoy, Mrs. Rueben Edwards, Mrs. Alice Hare, Mrs. Zelma Johnson and Mrs. C. E. Parr were appointed on the committee to advertise and attend to the sale of the tickets. The society has sent flowers and cards to Mrs. Carl M. Hagen, for her birthday, and a note of thanks was read from her. Mrs. Hagen has been confined to her bed for more than a year, and is a member of the society.

NEW YORK, April 27.—Thirty days ago, New York City paid \$20 for a pig and put it in the Central Park menagerie. Ten days ago, an attaché of the zoo, in taking the census, discovered that New York owned 11 pigs.

All but the original have been sold for \$5 apiece, yielding \$50 on a \$20 investment, according to the park commissioner's report.

The municipally owned shoat is the greatest attraction at the zoo today, according to the commissioners.

PUBLIC WARNED ON COUNTERFEIT BILL

WASHINGTON, April 27.—Great care should be exercised by the public in handling \$20 gold certificates of the series of 1922, check letter "B," because a well made counterfeit of the bill is afloat, treasury department secret service officials warn.

The counterfeit is printed from photo mechanic plates on genuine bleached paper, the secret service said. Differences between it and the genuine note were described in part as follows:

The fine lines of the hair on the top of the head of the portrait (of Washington) are missing. It therefore appears as a white space between the lines of the forehead and the top of the head.

The fine lines on the eyelids are missing.

The coat is not well defined, the lines merging into the background.

The two buds running out from the center design on each side on the back of the bill are missing.

SCHOOL NEWS

Frances Willard

Honor Roll

The honor society and honor roll for the past quarter have been posted in the main hall of the Frances Willard school.

The honor roll is composed of those making a record of at least four 1's in solid subjects and not lower than 2 in the others. The honor roll is as follows:
Elsiebell Hurt, Evelyn Covell, Bernice Corbett, Winona Humphrey, Peggy Warburton, Helen Hendricks, Homer Norris, Theo. Goforth, Mildred Paul, Jose Ojeda, Lucille Morgan.

The honor society is composed of those students who have been on the honor roll for two or more successive quarters. They are:
Mary Ford, Elva Cook, Olive Granger, Adaruth Ellis, Beryl Knorshild, Maybelle Ball, Clara Kate Owens, Katherine Chapman, Jean Rowland, Mary Clanton, Sherrill Spurgeon, Mable Wilson, Elpha Thorndyke, Mary Mateer, Lucella Chapman, Allen Lair, Martha Garth, Leona Jones, Marie Houder, Florine Pollock, Margaret Mercereau, Helen Spangler, Lydia Johnson, Marion Trotter, Rowena Cone, Elise Harter, Bobby Goodrich, Grace Haskell, Clarice Stanley, Georgia Allender, Katherine Barr, William McClure and Ruth Smith.

Two girls, Mary Ford and Margaret Mercereau, are entitled to wear the gold pin, which signifies that they have been members of the honor roll for five semesters. Demonstration by Chamberlain.

Mr. Chamberlain took a group of his pupils to Los Angeles last Saturday, where he gave an interesting demonstration of his teaching methods before a group of high school teachers.

Class Notes
Several of the social science classes have been zoning sections of Santa Ana as a result of studying "How Cities Are Planned" in Organized Self-Government. Some pupils who were unfamiliar with the city drew the old and new plans of new York City.

Some of the pupils who drew the best maps were Willena Bell, Clarice Stanley, Marjorie Walton and Ruth Gardner.

Write in Essay Contest
Essays, contests, and then some! How the Frances Willard pupils have worked in the English classes and burned the midnight oil of late. Each pupil has studied, pondered, written and erased during the last week, but the final results look good, so the work has been worth the effort. This is all for the essays, which are annually written for the prizes offered by the W. C. T. U. Last year we took two prizes and are hoping to do as well again, but if we don't we have at least learned something about the subjects involved and probably a little more about composition.

The "own your home" contest, sponsored by the Santa Ana Board of Realtors, was not compulsory, but we are glad to report that a goodly number from the various classes put forth real effort to compete in this essay contest with the high school students.

Girls' Fair
The girls' fair the biggest spring celebration of the Frances Willard school, is scheduled for May 21, 22, 23. Probably more interest, preparation, and enthusiasm are expressed for this big annual affair than for any other event of the entire school year. Numerous committees, composed of pupils and teachers, were appointed last week and elaborate plans are already under way to make this year's fair bigger and better than that of last year.

Patriotic Assembly
On Monday, April 20, a special patriotic assembly was enjoyed at the Frances Willard school. This program was in commemoration of the Battle of Lexington and Concord.

The assembly was opened with the singing of "Columbia the Gem of the Ocean" by the entire school. Then Ellwood Roderick gave a brief review of the history of the pre-Revolutionary time. Following this, Bess Marie Simmons gave the reading, "The Ride of Paul Revere." Next the American hymn was sung.

Roy Bronson told the story of the Battle of Lexington. A tableau was given entitled, "Our Flag." The program closed with the singing of "America the Beautiful."

Girls' Indoor Baseball
The girls' indoor baseball team this year is one of the best teams Willard has ever produced. They have won all the games this season, with but one exception. That was a game played with Fullerton early in the season.

Last Monday night they went to Fullerton and played them again. This time they won by a score of 18 to 16. Della Fowler, catcher on the Willard team, played an exceptionally fine game. She knocked in several persons each time she batted and never seemed to drop the ball.

This team played the Lathrop senior team on Wednesday. Again, they walked off with the big end of the score, 14 to 5. Rowena Cone, captain and pitcher of the Willard team, showed her ability in this game. She fanned out player after player, caught a lot of flies that and never walked a single batter, seemed way beyond her range.

The team comprises: Della Fowler, catcher; Rowena Cone, captain and pitcher; Gladys Farley, first base; Elsiebell Hurt, first short; Evelyn Gehring, second base; Lois Baker, second short; Doris Jones, third base; Leona Moon, right field; Hazel Lee, center field; Olga Tatum, left field.

The girls' intermediate indoor team has shown up almost as well as the senior team. They have not played as many games as the seniors, but they have practiced faithfully. We are expecting to have them show us what they can really do when they play Tustin this afternoon. They are going to play Spurgeon next Friday and we are looking forward to an interesting and close game. The latest reports are that the Spurgeon indoor team is the best in the city among the elementary schools.

The intermediate team is as follows: Virginia Hill, catcher; Jean Rowland, pitcher; Olga Tatum, captain and first base; Willena Bell, first short; Martha Leisic, sec-

ond base; Evelyn Morrison, second short; Izetta Judd, third base; Catherine Rhoades, right field; Eva Larmee, center field; Pauline Graham, left field.

The girls' junior indoor team also deserves a lot of credit. They have been ever enthusiastic and willing to practice. They are a fast little team and have quite a number of heavy hitters. Above all else, they have learned to play well together. That quality can never be missed in a winning game not even in the game of life. The last game they played was with the Lincoln girls and they won by a score of 18 to 11. They have two more games scheduled for next week which they will play off before the season closes.

Their lineup is as follows: Sherrill Spurgeon, catcher; Marjorie Walton, captain and pitcher; Mildred Paul, first base; Georgia Allender, first short; Bobby Goodrich, second base; Gertrude Avas, second short; Helen Slabaugh, third base; Mable Sue Hill, right field; Maxine Smith, center field; Evelyn Walbridge, left field.

Exhibit Case
"The flowers that bloom in the spring—tra-la!" have been most attractively pressed and mounted by Mr. Reed's 1A class in general science. They are now to be viewed by the world in general in the exhibit case in the hall of the Frances Willard junior high school. All sorts and conditions of flowers are there, from the modest and retiring Johnny-jump-up, to the great white Matthia poppy. We think the class should be congratulated on the neatness and the effort put forth. Most of the exhibits are of wild flowers, but also represented are the Cecil Bruner rose, sweet pea, wisteria and the large white daisy. The Indian paint brush is there in several places. Honors for the most attractive display would go to Grace Fox whose book will be found in the lower left hand corner.

Roosevelt

The Roosevelt P. T. A. held its annual "fathers' night" last Thursday evening at this school. The response to the invitations which were sent out earlier in the week was most gratifying. Judging from the interested faces of the audience, we know that it was indeed a joy for these parents to watch their kiddies as they entertained them during the evening.

"Rose Ann" was the first number on the program. This playlet was given by the kindergarten youngsters, and had been given at another time, but because of popular demand was repeated. Again, Miss Wirick and these tiny folk succeeded in giving the audience a particularly jolly time. Miss Wirick, the kindergarten, is responsible for the arrangement of the numbers in the play as well as its direction.

A 6-piece orchestra gave the next number, a medley of patriotic airs, accompanied by Miss Margaret Guard. Those playing were Grace Rogers, saxophone, Lysie Smith, cornet, Lillian Traub, Velda Vancil, Kathrine Smith and Hymen Raymond, violins.

This was followed by a 3-part song, "What Do They Say?" which was sung by members of the high fifth and low sixth grades. Little Carrie Kimball danced. This little miss has danced a number of times for us and we always enjoy her. Her dance frock was very attractive, as well as unusual, in that it was fashioned of narrow pink satin ribbon combined with a dainty green georgette crepe. She was accompanied at the piano by Miss Campbell.

An historical play was given by Miss Lindsay's history classes. The play was this teacher's own conception. The closing number on an interesting program was a reading by Miss Marian Brannan. This was such a success that an encore was in order. She then read Edmund Vance Cooke's "The Moo Cow Moo."

The meeting was then turned over to Asa Hoffman. After the business had been properly discussed, the company enjoyed a social time.

Lowell

On Thursday, April 23, Lowell school had its monthly P. T. A. meeting.

It was considered by many as the best meeting of the year, as the parents had opportunity to see what the children really do in school. The boys and girls, under direction of Miss Christine Schenck and Mrs. Hazel Maxwell, the physical training instructors, very successfully put on some of their most difficult formal work and games.

After the program, the parents and teachers went into the kindergarten room for the business meeting. A nominating committee was chosen, and ballots were cast for new officers, in the form of a straw vote.

The question of serving milk was brought up. The mothers decided to serve milk to the children every day, sometime during the morning session of school.

Before and after the meeting, the P. T. A. sold candy and popcorn. Of course, it all sold, the only trouble being that it was necessary to turn many persons away without candy.

After a pleasant social hour, the people went home, well satisfied with the afternoon's meeting.

Ends 2-Year Hunt As Man Is Caught

UNIONTOWN, Pa., April 27.—Turning manhunter, the Rev. M. Nicholas Sinko, a priest, reached the end of a trail he had followed nearly two years when George Terp, alleged slayer of two men, was captured near here. Terp is alleged to have brained his victims with an iron bar after they had testified against him in a liquor case. Extradition action has been started.

Julia Lathrop

The regular assembly of the Lathrop school was held April 20, on the bleachers. The following program was given:

Spanish dance, from the high school operetta, six girls; piano solo, "Gypsy Dance," Bernice Davis; dance from "The Belle of Barcelona," high school operetta; play, "Our Aunt from California," Miss Kingrey's drama club; cornet solo, "Pals," William Motley, accompanied by Audrey Dohmer; "The Shot That Was Heard Around the World," Dean Harrison; "Paul Revere's Ride," Ray Price; "The Minute Men," Edward Gaebe.

Honor Society
To be in the honor society one must have four A's. Not necessarily all A's. Nothing below a B-1 is acceptable. An A-1, counts 50 points; an A-2, 40 points; a B-1, 30 points; physical education counts one-half of regular credit, a citizenship rating between 97 and 100 gives 10 points, presidency of a club 10 points, and membership on a school team counts 10 points.

This quarter, the members of the honor society are Elleen Adams, Andrew Mahr, Florence Resnick, Elizabeth Smith, Frances McCarter, Pearl Baker, Bertha Borden, Mildred Crowl, Bernice Davis, Audrey Dohmer, Alberts Vail, Helen Rodriguez, Evelyn Hassler, Elizabeth Stanley, Kathryn Chandler, Charley Davis, Eva Dean Caskey, Eugenia Gilbert, Zella Pope, Helen Shaw, Marguerite Taylor, Isabel Johnson, Goldie Peale, Mary Jane Bruner, Hazel Cubben, Edmund Gaud, Dorothy Lindsey, Lucille Meyer, Corinne Nelson, Mary Louise Wallace, Mary Elizabeth White, Pablo Avilo, Alice Mellot, and Annie Walkinshaw.

There is a distinction between the honor roll and the honor society. The honor roll means the two pupils in the class having the highest records, which are 6-A, Mary Louisa Wallace and Corinne Nelson; 6-B, Pablo Avila and James Eudaley; 6-C, Annie Walkinshaw and Alice Mellot; 6-D, Minnie Nelson and Thelma O'harr; 6-E, Theodore Selby and Bernice McClaren; 5-A, Marguerite Taylor and Helen Shaw; 5-B, Goldie Peale and Isabel Johnson; 4-A, Evelyn Hassler and Elizabeth Stanley; 4-B, Kathryn Chandler and Frances Seydel; 4-C, Charley Davis and Evelyn Bates; 4-D, Glenn Gales and Fum Underwood; 3-A, Audrey Dohmer and Pearl Baker; 3-B, Helen Rodriguez and Marguerite Graves; 2-A, Florence Resnick and Elizabeth Smith; 2-B, Gladys Vest and Laura Fewell; 2-C, Frances McCarter and Mildred Wetzel; 2-D, Pauline Thuman and Edna Kohler; 1-B, Andrew Mahr and Helen Green; 1-C, Barbara Barnes and Le Dora Cathermagn. One who is on the honor roll is not necessarily on the honor society.

Typewriting Contest
Each year a typewriting contest is held between the high schools of Southern California. This year, all the delegates from Orange county will meet at Santa Ana. The winners of this contest will go to Alhambra, where the Southern California meet will be held.

On Monday, April 20, the interclass contest at Julia C. Lathrop was held. Mr. Mahr, of a Santa Ana typewriter company, gave a short talk on accuracy and timed the test. Several pupils and teachers acted as judges.

Those participating were Julia Nissen, Howard Bear, James Eudaley, Ivan Scott, Orville Schuchardt, Mildred Cooper, Crystal Talley, Mary Louise Wallace, Evelyn Dyras, Sister Sanders, Alvin Price, Myrtle Hingworth, Paul Wine, Bernice MacLaren, Ethelyn Bates, Minnie Nelson, Agnes Chilcoat, Dorothy Morris and Alice White.

It has not yet been decided who will represent Lathrop, but those receiving honorable mention are Bernice MacLaren, Ivan Scott, Agnes Chilcoat, Dorothy Morris, Howard Bear, Minnie Nelson, Ethelyn Bates, James Eudaley, Mary Louise Wallace and Orville Schuchardt.

Miss Hunt is pleased with the results of the contest and the cooperation shown by the pupils.

Baseball
The girls' baseball team of Lathrop was defeated by the Willard girls by the score of 14 to 5, Wednesday, April 22.

The Lathrop lineup was Lillian Cope, catcher; Gertrude Boyd, pitcher; Violet McKinsie, 1st base; Gertrude Morris, 2nd base; Leota Ewing, 3rd base; Frances Lloyd, 1st short; Mildred Sherwood, 2nd short; Peedry, 3rd field; Agnes McKinsie, 2nd field; Adeline Thorton, 3rd field. The Lathrop girls picked up very well in the last three innings. Adeline Thorton knocked a home run, bringing in a runner. Leota Ewing knocked a homer next, followed by Lillian Cope, who knocked a three-bagger.

The schools expect to play another game soon on the Lathrop grounds.

Sinclair Lawyers Demand New Trial On Russian Lease

MOSCOW, April 27.—Lawyers representing the Sinclair Oil company, have appealed in the supreme court here against the decision cancelling the company's lease on the island of Saghalien. Supreme economic council brought the action which resulted in cancellation of the Sinclair company's concession to work the rich oil lands of the island and the lawyers claim this is invalid because the contract was made with the Soviet government. They demanded that the action be quashed or that a new trial be granted.

If You Can Pay Rent You Can Own Your Own Home

What Will You Have Ten Years from Now?

If you live in Santa Ana, you've heard a lot of people tell what their profit has been through the purchase of Santa Ana Real Estate. There isn't a property owner in this city who bought several years ago, and who exercised ordinary common sense, who isn't far better off today than he was when he bought, so far as the property is concerned. Men have made money through the purchase of property ever since the town was established, and will continue to do so as many generations into the future as men are able to see. There is no doubt whatever about Santa Ana's continued growth. There is nothing whatever that can prevent Santa Ana becoming a large city. The fact is there are more developments of importance in Santa Ana's immediate future than there ever have been in the past.

Santa Ana's eventual growth into a city of considerable magnitude is conceded by everyone who has ever given the matter serious thought. There is probably no resident of the town who does not realize that he should own his own home. The trouble is that there never seems to be a time where money can be spared to make the initial payment on a home. One renter in Santa Ana paid two hundred dollars for a radio last month. He could have gotten along well with a \$25 outfit and could have applied the difference on a home as good as the one he is renting. His radio will be out of date perhaps next year, and he'll want another. Another renter received \$600 from an estate and turned in the old car on a new one that cost \$600 difference. He could have driven the old machine a couple of years longer and could have used the \$600 to acquire himself a home.

It is an error for any man to say he is not able to acquire a home. It isn't a matter of being able to, it's a matter of placing temporary pleasure and comfort above permanent profit and success at the cost of a little self-sacrifice. Any man who is willing to try can own his home. Any man who can pay his rent can apply the same amount on a home, and it would pay him to do so, even if the home is not quite so pretentious as the house he is renting.

It is better business to get along with a second hand flivver for a few years and be paying for a home, than to drive a twin-six and live forever in a borrowed house. It is better business to be paying interest on your OWN investment and get the benefit of advancing values, than to be paying the interest on some other man's investment. It is better to live in a humble cottage on your own land, than to rent a fine property and pay his expenses until the landlord can sell it at a nice profit. If you want a home and haven't the means to buy one, any Realtor in Santa Ana will show you how easy it is to get what you want. If you don't know a Realtor inquire for some reliable man and then have a heart-to-heart talk with him.

RELATES HOW RUM PIRATES HELD UP SHIP

LONDON, April 26.—"Hands up, Englishman, and quick about it! I'm nervous tonight and one of these guns might go off."

These words, according to Capt. J. T. Tweedie, were his first introduction to the manners of the rum pirates, who rob the rum runners, who supply the bootleggers, who oblige thirsty Americans at so much per "oblique."

Captain Tweedie had such a rough experience that he says he is through with American waters. He would rather sail to the Orient and take his chances with Malay and Chinese pirates. They are gentle by comparison. And Tweedie is a seasoned old Scotch salt who isn't easily daunted.

"It sort of takes it out of you to step into a regular movie and have a gun pressed into your ribs every time you turn around, to be half-startled for days on end, and to be kicked and cuffed whenever a desperado takes a notion to do so."

Say Scotchmen Will Soon Face Liquor Famine

EDINBURGH, April 27.—This "log cabin birthplace" of Scotch liquor faces the greatest calamity in its history. So colossal is the demand for liquor from the West Indies, the Bahamas, Mexico and the United States that home consumers are threatened with a Scotch liquor famine.

Withdrawals have been so heavy that whiskey aged only three years, as the law requires here, is drawing a premium.

Edinburgh newspapers believe the big increase in the demand for Scotch liquor has been caused by the exhaustion of secret supplies in the United States and the closing of several distilleries in Canada. Large corporations also are said to be hoarding the matured stocks.

PERSONAL NOTES FOR GROVE PEOPLE

GARDEN GROVE, April 27.—The executive board of the Woman's Civic club will meet in the clubhouse Tuesday afternoon at 2 o'clock, April 28.

NEW AIR MAIL TO SAVE WHOLE DAY

WASHINGTON, April 27.—Southern California mail for the east will be speeded up a full day as the result of a change in the transcontinental air mail service, announced by Postmaster General New.

Effective next Friday, the east-bound mail planes will leave San Francisco daily at 8:45 a. m., instead of 6:30 p. m., thus permitting inclusion of mail which left Los Angeles at 6 o'clock the previous evening.

The arrival at New York will not be changed, as the planes will speed up the cross country flying time to make up the two hours and fifteen minutes.

Editor Goes To Jail On Criminal Libel Complaint

YUMA, Ariz., April 27.—George W. Lynn, editor and publisher of The Yuma Evening Herald, went to jail Saturday in "defense of the rights of free speech and liberty of the press."

The fighting editor refused to post \$3000 bonds when he was arrested and arraigned on a criminal libel warrant sworn to by E. F. Sanguinetti, Yuma valley millionaire.

He declared he would "remain behind bars until the rights of free speech and a free press are vindicated."

The libel action culminated a vigorous editorial campaign against the millionaire during the last month in Lynn's newspaper. Lynn charged that Sanguinetti monopolized all important industries in the Yuma valley, and was dictating the politics of that section of the state.

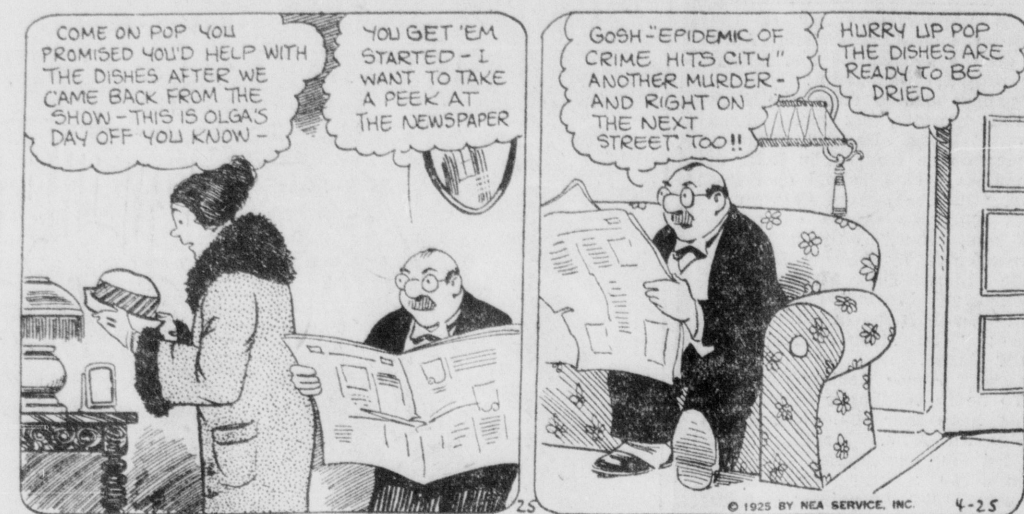

Sanguinetti, in his complaint, alleges that the Herald made libelous statements concerning his tax payments and his milk business.

WOULD ANNEX TO L. A.
LOS ANGELES, April 27.—Sunland, in the San Fernando valley, wants to be annexed to Los Angeles. A petition asking that Los Angeles set a date for annexation election in the Sunland district, was presented to the city council today.
